Autodesk®

April 28, 2008

Dear Autodesk Stockholder:

You are cordially invited to attend Autodesk's 2008 Annual Meeting of Stockholders to be held on Thursday, June 12, 2008 at 2:00 p.m., Pacific time, at our principal executive offices, 111 McInnis Parkway, San Rafael, California 94903.

At the Annual Meeting, you will be asked to:

1. Elect 10 directors;
2. Ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2009; and
3. Approve amendments to our 2000 Directors' Option Plan.

The accompanying Notice of 2008 Annual Meeting of Stockholders and Proxy Statement describe these proposals in greater detail. We encourage you to read this information carefully.

This year we are taking advantage of a new United States Securities and Exchange Commission rule that now allows companies to furnish their proxy materials over the Internet rather than in paper form. We believe that this new delivery process will reduce our environmental impact and over time lower the costs of printing and distributing our proxy materials. We believe that we can achieve these benefits with no impact on our stockholders' timely access to this important information.

We hope that you will be able to attend this year's Annual Meeting. At the Annual Meeting we will report to our stockholders on fiscal year 2008 and describe our future strategies for our products and markets. There will be an opportunity for all stockholders present at the Annual Meeting to ask questions. Whether or not you plan to attend the meeting, please sign and return the enclosed proxy card or vote on the Internet or by telephone to ensure your representation at the meeting. Your vote is important.

On behalf of the Board of Directors, I would like to express our appreciation for your continued support of Autodesk.

Very truly yours,

Carl Bass
Chief Executive Officer and President

PROXY STATEMENT FOR 2008 ANNUAL MEETING OF STOCKHOLDERS

QUESTIONS AND ANSWERS ABOUT THE 2008 ANNUAL MEETING AND PROCEDURAL MATTERS

2008 Annual Meeting

Q: Why am I receiving these proxy materials?

A: The Board of Directors of Autodesk (“Autodesk” or the “Company”) is providing these proxy materials to you in connection with the solicitation of proxies for use at the Annual Meeting of Stockholders (the “Annual Meeting”) to be held on Thursday, June 12, 2008, at 2:00 p.m., Pacific time, and at any adjournment or postponement thereof, for the purpose of considering and acting upon the matters set forth herein. Due to recent changes in the United States Securities and Exchange Commission’s (“SEC”) rules, we are providing these materials to you either through a Notice of Internet Availability of Proxy Materials (the “Notice”) or a full set paper copy of this Proxy Statement together with our Fiscal Year 2008 Annual Report.

Q: Why did I receive a Notice in the mail regarding the Internet availability of proxy materials this year instead of a full set paper copy of this Proxy Statement and Fiscal Year 2008 Annual Report?

A: This year we are taking advantage of a new SEC rule that now allows companies to furnish their proxy materials over the Internet rather than in paper form. This new rule allows a company to send its stockholders a Notice regarding Internet availability of proxy materials. Instructions on how to access the proxy materials over the Internet or how to request a paper copy of proxy materials may be found in the Notice. If you would prefer to receive proxy materials in printed form by mail or electronically by email on an ongoing basis, please follow the instructions contained in the Notice.

Q: Why didn’t I receive a Notice in the mail regarding the Internet availability of proxy materials?

A: We are providing stockholders who have previously requested to receive paper copies of the proxy materials with paper copies of the proxy materials instead of a Notice. If you would like to reduce the costs incurred by us in mailing proxy materials, you can consent to receiving all future proxy statements, proxy cards and annual reports electronically via email or the Internet. To sign up for electronic delivery, please follow the instructions provided on your proxy card or voting instruction card.

Q: Where is the Annual Meeting?

A: The Annual Meeting will be held at Autodesk’s principal executive offices, located at 111 McInnis Parkway, San Rafael, California 94903. The telephone number at that location is (415) 507-6705. A map and directions to the Annual Meeting are available at www.autodesk.com “Contact Us—Locate Offices—Maps.” Stockholders are cordially invited to attend the Annual Meeting and are entitled to and requested to vote on the proposals to elect 10 directors, approve the ratification of the independent registered public accounting firm and approve amendments to the 2000 Directors’ Option Plan.

Q: Can I attend the Annual Meeting?

A: Yes, if you are a stockholder of record or a beneficial owner as of April 14, 2008. Please notify our Director of Investor Relations, David Gennarelli, by calling (415) 507-6705 or by email at investor.relations@autodesk.com if you are planning to attend the Annual Meeting. In addition, you should bring proof of identity for entrance to the Annual Meeting. If your shares are held in a brokerage account or by a bank or another nominee, you will need to bring a copy of a brokerage statement reflecting stock ownership as of the record date. The meeting will begin promptly at 2:00 p.m., Pacific time; please leave ample time to check-in.

Stock Ownership

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: *Stockholders of record*—If your shares are registered directly in your name with Autodesk’s transfer agent, Computershare Investor Services LLC, you are considered, with respect to those shares, the “stockholder of record.” If you are a stockholder of record, these proxy materials have been sent directly to you by Autodesk.

Beneficial owners—Many Autodesk stockholders hold their shares through a broker, trustee or nominee, rather than directly in their own name. If your shares are held in a brokerage account or by a bank or another nominee, you are considered the “beneficial owner” of shares held in “street name.” If you hold your shares in street name, these proxy materials have been forwarded to you by your broker, trustee or nominee who is considered, with respect to those shares, the stockholder of record.

As the beneficial owner, you have the right to direct your broker, trustee or nominee on how to vote your shares. Since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a “legal proxy” from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the Annual Meeting.

Quorum and Voting

Q: Who is entitled to vote at the Annual Meeting?

A: Holders of record of Autodesk’s common stock, par value \$0.01 per share (the “Common Stock”), at the close of business on April 14, 2008 (the “Record Date”) are entitled to receive notice of and to vote their shares at the Annual Meeting. Such stockholders are entitled to cast one vote for each share of Common Stock held as of the Record Date.

As of the Record Date, there were 223,433,440 shares of Common Stock outstanding and entitled to vote at the Annual Meeting. No shares of Autodesk’s Preferred Stock were outstanding.

Q: How many shares must be present or represented to conduct business at the Annual Meeting?

A: The presence of the holders of a majority of the shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Such stockholders are counted as present at the meeting if they (1) are present in person at the Annual Meeting or (2) have properly submitted a proxy card. Under the General Corporation Law of the State of Delaware, abstentions and broker “non-votes” are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the Annual Meeting.

A broker “non-vote” occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Q: How can I vote my shares in person at the Annual Meeting?

A: Shares held in your name as the stockholder of record may be voted in person at the Annual Meeting. Shares held beneficially in street name may be voted in person at the Annual Meeting only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. ***Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy card or follow the voting instructions described below, so that your vote will be counted if you later decide not to attend the meeting.***

Q: How can I vote my shares without attending the Annual Meeting?

A: If you are a stockholder of record, you may instruct the proxy holders how to vote your shares by completing, signing, dating and returning the proxy card in the enclosed, postage pre-paid envelope, or by using the Internet voting site or the toll-free telephone number listed on the proxy card and Notice. Proxy cards submitted by mail must be received by the time of the meeting in order for your shares to be voted. Specific instructions for using the telephone and Internet voting systems are on the proxy card and Notice. The telephone and Internet voting systems for stockholders of record will be available until 11:59 p.m. (Eastern Time) on June 11, 2008. Whichever of these methods you select to transmit your instructions, the proxy holders will vote your shares in accordance with those instructions. If you sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by our Board of Directors.

If a broker, bank or other nominee holds your shares, you will receive instructions from them that you must follow in order to have your shares voted. The instructions from your broker, bank or other nominee will indicate if Internet and telephone voting is available, and if they are available, will provide details regarding Internet and telephone voting.

Q: What proposals will be voted on at the Annual Meeting?

A: At the Annual Meeting, stockholders will be asked to vote:

- (1) To elect 10 directors to serve for the ensuing year and until their successors are duly elected and qualified;
- (2) To ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending January 31, 2009; and
- (3) To approve amendments to the 2000 Directors' Option Plan.

Q: What is the voting requirement to approve these proposals?

A: *Proposal One*—A majority of the votes duly cast is required for the election of directors. The number of shares voted “for” a director nominee must exceed the number of votes cast “against” that nominee for the nominee to be elected as a director of the Company to serve until the next annual meeting or until his or her successor has been duly elected and qualified.

You may vote “FOR,” “AGAINST” or “ABSTAIN” on each of the 10 nominees for election as director. Abstentions and broker non-votes will not affect the outcome of the election.

Proposal Two—The affirmative vote of a majority of the votes duly cast is required to ratify the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm.

You may vote “FOR,” “AGAINST” or “ABSTAIN” on this proposal. ***Abstentions are deemed to be votes cast and have the same effect as a vote against this proposal.*** However, broker non-votes are not deemed to be votes cast and, therefore, are not included in the tabulation of the voting results on this proposal.

Proposal Three—The affirmative vote of a majority of the votes duly cast is required to approve amendments to the 2000 Directors' Option Plan.

You may vote “FOR,” “AGAINST” or “ABSTAIN” on this proposal. ***Abstentions are deemed to be votes cast and have the same effect as a vote against this proposal.*** However, broker non-votes are not deemed to be votes cast and, therefore, are not included in the tabulation of the voting results on this proposal.

Q: How does the Board of Directors recommend that I vote?

A: The Board of Directors unanimously recommends that you vote your shares “FOR” the 10 nominees listed in Proposal One, “FOR” the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the fiscal year ending January 31, 2009, and “FOR” the amendments to the 2000 Directors' Option Plan.

[Table of Contents](#)

Q: If I sign a proxy, how will it be voted?

A: All shares entitled to vote and represented by properly executed proxy cards received prior to the Annual Meeting, and not revoked, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxy cards. If no instructions are indicated on a properly executed proxy card, the shares represented by that proxy card will be voted as recommended by the Board of Directors.

Q: What happens if additional matters are presented at the Annual Meeting?

A: If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named in the enclosed proxy card and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. We do not currently anticipate that any other matters will be raised at the Annual Meeting.

Q: Can I change or revoke my vote?

A: Subject to any rules your broker, trustee or nominee may have, you may change your proxy instructions at any time before your proxy is voted at the Annual Meeting.

If you are a stockholder of record, you may change your vote by (1) filing with Autodesk's General Counsel, prior to your shares being voted at the Annual Meeting, a written notice of revocation or a duly executed proxy card, in either case dated later than the prior proxy card relating to the same shares, or (2) by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not, by itself, revoke a proxy). A stockholder of record that has voted on the Internet or by telephone may also change his or her vote by making a timely and valid later Internet or telephone vote.

If you are a beneficial owner of shares held in street name, you may change your vote (1) by submitting new voting instructions to your broker, trustee or nominee or (2) if you have obtained a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares, by attending the Annual Meeting and voting in person.

Any written notice of revocation or subsequent proxy card must be received by Autodesk's General Counsel prior to the taking of the vote at the Annual Meeting. Such written notice of revocation or subsequent proxy card should be hand delivered to Autodesk's General Counsel or should be sent so as to be delivered to Autodesk, Inc., 111 McInnis Parkway, San Rafael, California 94903, Attention: General Counsel.

Q: Who will bear the costs of soliciting votes for the Annual Meeting?

A: Autodesk will bear all expenses of this solicitation, including the cost of preparing and mailing these proxy materials. Autodesk may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of Common Stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Directors, officers and employees of Autodesk may also solicit proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

The Company may engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank nominees and other institutional owners. The Company's costs for such services, if retained, will not be material.

Q: Where can I find the voting results of the Annual Meeting?

A: We intend to announce preliminary voting results at the Annual Meeting and will provide final results in our quarterly report on Form 10-Q for the second quarter of fiscal year 2009. In addition, the results will be posted on our website, at www.autodesk.com under "Investors."

Stockholder Proposals and Director Nominations at Future Meetings

Q: What is the deadline to propose actions for consideration at next year’s annual meeting of stockholders or to nominate individuals to serve as directors?

A: You may submit proposals, including director nominations, for consideration at future stockholder meetings.

Requirements for stockholder proposals to be considered for inclusion in Autodesk’s proxy material—Stockholders may present proper proposals for inclusion in Autodesk’s proxy statement and for consideration at the next annual meeting of its stockholders by submitting their proposals in writing to Autodesk’s General Counsel in a timely manner. In order to be included in the proxy statement for the 2009 annual meeting of stockholders, stockholder proposals must be received by Autodesk’s General Counsel no later than December 29, 2008, and must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

Requirements for stockholder proposals to be brought before an annual meeting—In addition, Autodesk’s bylaws establish an advance notice procedure for stockholders who wish to present certain matters before an annual meeting of stockholders. In general, nominations for the election of directors may be made by (1) the Board of Directors, (2) the Corporate Governance and Nominating Committee or (3) any stockholder entitled to vote who has delivered written notice to Autodesk’s General Counsel no later than the Notice Deadline (as defined below), which notice must contain specified information concerning the nominees and concerning the stockholder proposing such nominations. However, if a stockholder wishes only to recommend a candidate for consideration by the Corporate Governance and Nominating Committee as a potential nominee for director, see the procedures discussed in “Corporate Governance—Nominating Process for Recommending Candidates for Election to the Board of Directors.”

The Company’s bylaws also provide that the only business that may be conducted at an annual meeting is business that is (1) specified in the notice of meeting given by or at the direction of the Board of Directors, (2) properly brought before the meeting by or at the direction of the Board of Directors, or (3) properly brought before the meeting by a stockholder who has delivered written notice to the General Counsel of Autodesk no later than the Notice Deadline (as defined below).

The “Notice Deadline” is defined as that date which is 120 days prior to the one year anniversary of the date on which Autodesk first mailed its proxy materials to stockholders for the previous year’s annual meeting of stockholders. As a result, the Notice Deadline for the 2009 annual meeting of stockholders is December 29, 2008.

If a stockholder who has notified Autodesk of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, Autodesk need not present the proposal for vote at such meeting.

Q: How may I obtain a copy of the bylaw provisions regarding stockholder proposals and director nominations?

A: A copy of the full text of the bylaw provisions discussed above may be obtained by writing to the General Counsel of Autodesk, or may be found at www.autodesk.com under “Investors—Corporate Governance.” All notices of proposals by stockholders, whether or not included in Autodesk’s proxy materials, should be sent to Autodesk, Inc., 111 McInnis Parkway, San Rafael, California 94903, Attention: General Counsel.

Additional Information about the Proxy Materials

Q: What should I do if I receive more than one set of proxy materials?

A: You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards, or Notices. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage

[Table of Contents](#)

account in which you hold shares. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date and return each Autodesk proxy card or voting instruction card that you receive to ensure that all your shares are voted.

Q: How may I obtain a separate Notice or a separate set of proxy materials or the 2008 Annual Report?

A: If you share an address with another stockholder, each stockholder may not receive a separate Notice or a separate copy of the proxy materials and 2008 Annual Report.

Stockholders who do not receive a separate Notice or a separate copy of the proxy materials and 2008 Annual Report may request to receive a separate Notice or a separate copy of the proxy materials and 2008 Annual Report by calling (415) 507-6705 or sending an email to investor.relations@autodesk.com. Alternatively, stockholders who share an address and receive multiple Notices or multiple copies of our proxy materials and 2008 Annual Report can request to receive a single copy by following the instructions above.

Q: What is the mailing address for Autodesk's principal executive offices?

A: Autodesk's principal executive offices are located at 111 McInnis Parkway, San Rafael, California 94903.

Any written requests for additional information, additional copies of the proxy materials and 2008 Annual Report, notices of stockholder proposals, recommendations for candidates to the Board of Directors, communications to the Board of Directors or any other communications should be sent to this address.

Our internet address is www.autodesk.com. The information posted on our website is not incorporated into this proxy statement.

PROPOSAL TWO**RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected Ernst & Young LLP as the independent registered public accounting firm to audit the consolidated financial statements of Autodesk for the fiscal year ending January 31, 2009, and recommends that the stockholders vote for ratification of such appointment. In the event of a negative vote on such ratification, the Audit Committee will reconsider its selection.

Ernst & Young LLP has audited our financial statements annually since the fiscal year ended January 31, 1983.

We expect representatives of Ernst & Young LLP to be present at the meeting. They will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE “FOR”
THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP
AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.**

Principal Accounting Fees and Services

The following table presents fees billed for professional audit services and other services rendered to the Company by Ernst & Young LLP for the fiscal years ended January 31, 2008 and 2007.

	<u>Fiscal 2008</u>	<u>Fiscal 2007</u>
Audit Fees(1)	\$ 3,526,861	\$ 4,707,349
Audit-Related Fees	—	—
Tax Fees(2)	\$ 824,070	\$ 707,641
All Other Fees	—	—
Total	<u>\$ 4,350,931</u>	<u>\$ 5,414,990</u>

(1) Audit Fees consisted of fees billed for professional services rendered for the integrated audit of the Company's annual financial statements and management's report on internal controls included in the Company's Annual Reports on Form 10-K and for the review of the financial statements included in the Company's Quarterly Reports on Form 10-Q, as well as services that generally only the Company's independent registered public accountants can reasonably provide, including statutory audits and services rendered in connection with SEC filings. The fiscal year 2007 fees include approximately \$1.4 million for audit services related to the Company's voluntary stock option review. The fiscal year 2008 fees include approximately \$0.4 million for audit services related to the Company's voluntary stock option review.

(2) Tax Fees consisted of fees billed for tax compliance, consultation and planning services.

Pre-Approval of Audit and Non-Audit Services

All audit and non-audit services provided by Ernst & Young LLP to the Company must be pre-approved by the Audit Committee. The Audit Committee utilizes the following procedures in pre-approving all audit and non-audit services provided by Ernst & Young LLP. The Audit Committee is presented with a detailed listing of the individual audit and non-audit services and fees (separately describing audit-related services, tax services and other services) expected to be provided by Ernst & Young LLP during the year. Periodically, the Audit Committee is presented with an update of all pre-approved audit and non-audit services conducted and any new audit and non-audit services to be provided by Ernst & Young LLP are updated, if necessary. The Audit Committee reviews the Company's update and approves the services outlined therein if such services are acceptable to the Audit Committee.

To ensure prompt handling of unexpected matters, the Audit Committee delegates to the Chairman of the Audit Committee the authority to amend or modify the list of audit and non-audit services and fees; provided, however, that such additional or amended services may not affect Ernst & Young LLP's independence under applicable SEC rules. The Chairman reports any such action taken to the Audit Committee at subsequent Audit Committee meetings.

PROPOSAL THREE

APPROVAL OF AMENDMENTS TO THE 2000 DIRECTORS' OPTION PLAN

The Board of Directors is asking stockholders to approve an amended and restated 2000 Directors' Option Plan (the "Plan") so that we can continue using it to help achieve the Company's goals of attracting, retaining and motivating highly talented individuals to serve as members of our Board of Directors. The Plan was amended and restated to:

- Increase the number of shares of Company common stock ("Shares") reserved for issuance thereunder by 600,000 Shares;
- Address certain potential tax consequences under Section 409A of the Internal Revenue Code of 1986, as amended ("Section 409A") by generally requiring that director elections to receive all or a portion of their cash retainers in the form of restricted stock comply with Section 409A, unless otherwise determined by the Board of Directors. The Section 409A amendment is not intended to materially increase the benefits or awards issuable under the Plan; and
- Make certain other non-material changes to the Plan.

The Plan provides for automatic non-discretionary grants of options and restricted stock to our non-employee directors. The proposed amendment to increase the number of Shares reserved for issuance does not change the number of Shares granted to directors each year but provides sufficient Shares to continue to fund the Plan.

The Plan currently has 310,894 Shares reserved for future option and restricted stock grants, which will increase to 910,894 if the amended and restated Plan is approved by our stockholders. Typically, we use approximately 185,000 Shares each year, depending on the number of non-employee directors and the addition of new directors during a given year. The Shares utilized include annual option grants, new director grants and restricted stock issued in lieu of cash compensation for service on the Board of Directors and chairmanships of committees of the Board of Directors.

We believe strongly that the approval of the amended and restated Plan is essential to our continued success. Options and restricted stock grants are vital to our ability to attract and retain outstanding and highly skilled individuals to serve on our Board of Directors. The Board of Directors believes that the Plan is necessary so that the Company can continue to provide meaningful, long-term equity based incentives to present and future non-employee directors.

The Plan does not have an "evergreen" provision that provides for an automatic increase in the number of the Shares available for issuance each year. In addition, no Shares have been added to the Plan since the approval of the Plan at the 2005 Annual Meeting. If stockholders approve the amended and restated Plan, we currently anticipate that we will not ask stockholders for additional shares for issuance under the Plan prior to the expiration of the Plan in March of 2010, depending on business conditions and needs.

Approval of the Plan requires the affirmative vote of the holders of a majority of the shares of the Company's common stock that are present in person or by proxy and entitled to vote at the 2008 Annual Meeting. If the stockholders approve the Plan, it will replace the version of the Plan that was approved by stockholders at the 2005 Annual Meeting. If stockholders do not approve the Plan at the 2008 Annual Meeting, the version approved in 2005 will remain in effect, provided that such version will include the Section 409A amendments and the other non-material changes mentioned above. Our directors have an interest in this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE AMENDED AND RESTATED 2000 DIRECTORS' OPTION PLAN.

Background and Purpose

Autodesk has a well-established policy of providing stock options as a part of compensation to non-employee members of our Board of Directors, as well as requiring directors to take at least a portion of their compensation in the form of restricted stock (such stock options and restricted stock referred to collectively herein as “Awards”). The purposes of the Plan are to attract and retain highly skilled individuals as directors of Autodesk, to provide additional incentive to our non-employee directors to serve as directors and encourage their continued service on the Board of Directors, and to encourage equity ownership by our directors in order to align their interests with those of our stockholders.

Changes in laws and corporate governance practices over the last several years have narrowed the pool of qualified independent directors, making it more difficult and competitive to retain and attract qualified independent directors who possess the requisite financial and business expertise to make valuable contributions to the Board of Directors, and have increased the time commitment and responsibilities of our directors. In light of competition among companies for directors with appropriate experience, we believe that we need to continue to grant equity awards at our current levels so that we may continue to attract the best available candidates for service as non-employee directors of Autodesk and to acknowledge their increased time commitment and encourage their continued service on the Board of Directors.

Description of the 2000 Directors’ Option Plan

The following paragraphs provide a summary of the principal features of the Plan. This summary does not purport to be complete and is subject to, and qualified in its entirety by, the provisions of the Plan, which is attached hereto as *Appendix A*. Capitalized terms used in this discussion and not defined in this discussion shall have the meanings set forth in the Plan.

Stock Subject to the Plan. The number of Shares reserved under the Plan since its inception through the Plan’s amendment in 2005 is 2,700,284. However, Proposal Three, if approved, will increase the number of shares by 600,000 Shares. Adding these new Shares to the 310,894 Shares that remained available under the Plan as of March 31, 2008, there would be a total of 910,894 Shares available for future stock option and restricted stock grants to non-employee directors. If an Award expires or becomes unexercisable for any reason, the unpurchased or forfeited Shares that were subject to the Award may be returned to the Plan, unless such plan has terminated, and may become available for future grant under the Plan.

Administration. The Plan fixes the timing of Award grants, the amount of the Award grants, the basis for determining the exercise price of a stock option, and any restrictions on exercise or vesting of the Awards, in order to remove any material discretionary element from the Plan. Administration of the Plan, to the extent necessary, will be provided by the Board of Directors or a committee of the Board of Directors. The Plan is structured such that no discretion is exercised by any person concerning material decisions regarding the Plan. However, the Board of Directors has retained the authority to determine the fair market value of the Shares, to construe and interpret the terms of the Plan and Awards granted thereunder, to approve forms of agreement for use under the Plan, to modify or amend Awards (not inconsistent with the terms of the Plan), including the discretionary authority to extend the post-termination exercisability period of an Option, and to take certain other actions associated with the administration of the Plan.

Option Grants. The Plan provides for the automatic grant of nonstatutory stock options (referred to herein as “Options”) to our non-employee directors.

Upon being elected or appointed to our Board of Directors for the first time, each non-employee director is currently granted an Option to purchase 50,000 shares of Common Stock (the “Initial Grant”). Each Initial Grant vests and becomes exercisable in three annual installments of 34 percent, 33 percent and 33 percent, respectively, commencing on the first anniversary of the date of grant and subject to the director continuing to serve on the Board of Directors through each vesting date.

Table of Contents

In addition, each non-employee director is granted an additional Option to purchase 20,000 shares of Common Stock on the date of each annual meeting of stockholders (the "Annual Grant"), provided that such director has served on the Board of Directors for at least six full months prior to that date and remains a member of the Board of Directors on that date. Each Annual Grant currently vests and becomes exercisable on the date of the next annual meeting of stockholders, provided that the director continues to serve on the Board of Directors on that date.

Term of Option; Option Agreement. Options granted under the Plan on or after September 2, 2005, have a term of six years. Options granted under the Plan prior to such date have a term of ten years. Each Option is evidenced by a stock option agreement between Autodesk and the director to whom such Option is granted.

Exercise Price; Exercise of Option. The per share exercise price of each Option granted under the Plan is 100 percent of the fair market value per share on the date the Option is granted. As long as the Common Stock is traded on the Nasdaq National Market, the fair market value of a Share shall be the closing sales price for such stock on the date of grant.

Each Option is exercisable only while the non-employee director remains a director of Autodesk, subject to certain circumstances described below. An Option is exercised by giving written notice of the exercise to Autodesk, specifying the number of full Shares to be purchased and tendering payment of the purchase price.

Form of Consideration. The consideration to be paid for the Shares to be issued upon exercise of an Option under the Plan may consist of (1) cash, (2) check, (3) other shares of Autodesk's Common Stock which, in the case of the shares acquired upon exercise of an Option, have been beneficially owned for at least six months or which were not acquired directly or indirectly from Autodesk, with a fair market value on the exercise date equal to the aggregate exercise price of the Shares being purchased, (4) any combination of the foregoing methods or (5) such other consideration and method of payment to the extent permitted by applicable law.

Rule 16b-3. Options granted to non-employee directors must comply with the applicable provisions of Rule 16b-3 promulgated under the Exchange Act or any successor thereto and shall contain such additional conditions or restrictions as may be required thereunder to qualify for the maximum exemption from Section 16 of the Exchange Act with respect to Plan transactions.

Termination of Status as a Director. If a non-employee director ceases to serve as a director of Autodesk, Options outstanding under the Plan currently may be exercised within seven months after he or she ceases to serve as a director (but not beyond the term of the Option), to the extent such Options were exercisable on the date of termination. However, following a director's qualified retirement from the Board of Directors, such director shall have three years from the date of such retirement (but not beyond the term of the Option) to exercise any Options granted pursuant to the Plan, to the extent that such Options were exercisable on the date of retirement. A qualified retirement occurs when a director has either (i) reached age 62 and served as a director of Autodesk for five years or (ii) served as a director of Autodesk for 10 years.

Disability. If a non-employee director ceases to serve on the Board of Directors due to a total and permanent disability, options outstanding under the Plan may be exercised within 12 months after termination, to the extent that such Options were exercisable at the date of termination.

Death of Optionee. If a non-employee director should die while serving on our Board of Directors, Options may be exercised at any time within 12 months after death, including those Options which had not previously vested.

Termination of Options. No Option is exercisable by any person after the expiration of its term.

[Table of Contents](#)

Nontransferability. An Option granted under the Plan is nontransferable by the holder other than by will or the laws of descent and distribution and is exercisable during the director's lifetime only by the director, or in the event of the director's death, by the director's estate or by a person who acquires the right to exercise the Option by bequest or inheritance.

No Repricing. The Plan prohibits repricing of Options, including by way of an exchange for another Award, cash or a combination thereof, unless stockholder approval is obtained.

Restricted Stock Awards. The Plan requires that a director receive no less than 50 percent, and at the option of the director up to 100 percent, of a director's annual retainer in the form of restricted stock. With respect to the portion of the annual retainer that is not automatically paid in the form of restricted stock each director may elect to receive some or all of such portion in the form of restricted stock, provided that such election is made on or prior to December 31st of the calendar year preceding the annual meeting of stockholders when such Award is made. This election will be irrevocable and will comply with Section 409A of the Internal Revenue Code of 1986, as amended, unless otherwise determined by the Board of Directors. The amount of stock compensation shall be paid at the rate of 120 percent of the cash dollar amount in the form of restricted stock, which shall vest on the date of the next annual meeting of stockholders, subject to continued service on the Company's Board of Directors. The number of Shares that may currently be issued as restricted stock under the Plan after its amendment in September 2005 shall not exceed 124,300 Shares.

Adjustment Upon Changes in Capitalization or Merger. In the event any change is made in our capitalization, such as a stock split or reverse stock split, appropriate adjustment shall be made to the number of Shares subject to each outstanding Award, the number of Shares authorized for issuance under the Plan, and the purchase price of each Option. The number of Shares issuable pursuant to future Initial Grants or Annual Grants will not be adjusted.

In the event of the proposed dissolution or liquidation of Autodesk, all Awards will become fully vested and, in the case of Options, exercisable. To the extent any Options remain unexercised at the time of the dissolution or liquidation, such Options will terminate.

In the event of a sale of all or substantially all of the assets of Autodesk, or the merger of Autodesk with or into another corporation, restricted stock will fully vest and outstanding Options may be assumed or substituted with equivalent options. If the successor corporation does not assume an outstanding Option or substitute for it an equivalent Option, the Option shall become fully vested and exercisable. The Board of Directors shall notify the director that the Option will be exercisable for 30 days from the date of notice, after which period the Option shall terminate.

Term of Plan. The Plan shall be effective for ten years from the date of its original adoption unless earlier terminated pursuant to the provisions of the Plan. The Plan expires in March 2010.

Amendment and Termination of 2000 Directors' Option Plan. The Board of Directors may amend or terminate the Plan at any time in such respects as the Board of Directors may deem advisable; provided that, to the extent necessary to comply with any applicable law or regulation, Autodesk shall obtain stockholder approval of any amendment to the Plan in such a manner and to such a degree as is required. Any amendment or termination of the Plan shall not impair the rights of any participant under Awards already granted without consent, and, in the absence of such consent, such Awards shall remain in full force and effect as if the Plan had not been amended or terminated.

Federal Tax Aspects

The following paragraphs are a summary of the material U.S. federal income tax consequences associated with awards granted under the Plan. The summary is based on existing U.S. laws and regulations, and there can be no assurance that those laws and regulations will not change in the future. The summary does not purport to be

[Table of Contents](#)

complete and does not discuss the tax consequences upon a participant's death, or the provisions of the income tax laws of any municipality, state or foreign country in which the participant may reside. As a result, tax consequences for any particular participant may vary based on individual circumstances.

Nonqualified Stock Options. No taxable income is recognized when a nonqualified stock option is granted to a participant with an exercise price equal to the fair market value on the date of grant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value of the Shares on the exercise date over the exercise price. Any taxable income recognized in connection with the exercise of a nonqualified stock option by an Autodesk employee is compensation subject to tax withholding by Autodesk. Any additional gain or loss recognized upon later disposition of the shares is capital gain or loss, which may be long-term or short-term capital gain or loss depending on the holding period.

Restricted Stock. A participant generally will not have taxable income upon grant of restricted stock. Instead, the participant will recognize ordinary income at the time of vesting equal to the fair market value (on the vesting date) of the shares or cash received minus any amount paid. A participant instead may elect to be taxed at the time of grant.

Tax Effect for Autodesk. Autodesk generally will be entitled to a tax deduction in connection with an award under the Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonqualified stock option).

Participation in the Plan

Each new non-employee member of the Board of Directors receives an Initial Grant to purchase 50,000 shares of Common Stock on the date of the first meeting of the Board of Directors at which such person first serves as a director. Each non-employee director receives an Annual Grant to purchase 20,000 shares of Common Stock on the date of each annual meeting (provided that such director has served on the Board of Directors for at least six full months prior to that date and remains a member of the Board of Directors on that date). In addition, the Plan requires that a director shall receive no less than 50 percent of the value of his or her cash compensation in the form of restricted stock. Autodesk does not have any other current plans, proposals or arrangements to grant Awards under the Plan. None of our executive officers are eligible to participate in the Plan. From February 1, 2007 through March 31, 2008, our current directors who are not executive officers were granted an aggregate total of (i) options to purchase 320,000 shares with an average exercise price of \$47.54 per share and (ii) 14,069 shares of restricted stock with an aggregate dollar value of \$635,918 based on \$45.20 per share, the last reported trade price for the shares on July 6, 2007, the date of grant.

CORPORATE GOVERNANCE

Autodesk is committed to the highest standards of corporate ethics and diligent compliance with financial accounting and reporting rules. Our Board of Directors provides independent leadership in the exercise of its responsibilities. Our management oversees a strong system of internal controls and compliance with corporate policies and applicable laws and regulations, and our employees operate in a climate of responsibility, candor and integrity.

Corporate Governance Guidelines and Code of Business Conduct

We believe the highest standards of corporate governance and business conduct are essential to running our business efficiently, serving our stockholders well and maintaining our integrity in the marketplace. For a number of years, we have devoted substantial attention to the subject of corporate governance, and have over those years developed Corporate Governance Guidelines. Our Corporate Governance Guidelines set forth the principles that guide our Board of Directors' exercise of its responsibility to oversee corporate governance, maintain its independence, evaluate its own performance and the performance of our executive officers and set corporate strategy. The Board of Directors first adopted these Guidelines in December 1995 and has refined them from time to time since then. Most recently, in March 2007, the Board of Directors amended the Guidelines to provide for majority voting in director elections, except for contested elections, and to provide that the Board of Directors would only nominate a director who has submitted his or her resignation in advance of an election, which resignation would be contingent on the failure of such director to receive a majority vote and the acceptance of the Board of Directors of such resignation. The Corporate Governance Guidelines are available on our website at www.autodesk.com under "Investors—Corporate Governance."

In addition, we have adopted a Code of Business Conduct for directors and employees, and a Code of Ethics for Senior Executive and Financial Officers, including our principal executive officer, principal financial officer, principal accounting officer and persons performing similar functions, to ensure that our business is conducted in a consistently legal and ethical manner. Our current Code of Business Conduct and Code of Ethics for Senior Executive and Financial Officers are available on our website at www.autodesk.com under "Investors—Corporate Governance." In September 2007 we amended our Code of Business Conduct. We will post on this section of our website any amendment to our Code of Business Conduct or Code of Ethics for Senior Executive and Financial Officers, as well as any waivers of the Code of Business Conduct or Code of Ethics for Senior Executive and Financial Officers that are required to be disclosed by the rules of the SEC or The Nasdaq Stock Market.

Stock Ownership Guidelines

Our directors and officers are encouraged to be Autodesk stockholders through their participation in our stock option plans. The Board of Directors has established stock ownership guidelines for our directors and executive officers designed to encourage long-term stock ownership in Autodesk and more closely link their interests with those of our other stockholders. These guidelines provide that, within a four-year period, executive officers should attain an investment position in Autodesk stock equal to a multiple of their base salary depending on the individual's scope of responsibilities, and directors should attain an investment position in Autodesk stock of at least 5,000 shares. The Board of Directors reviews progress against these guidelines annually and updates the stock ownership guidelines, as appropriate.

Independence of the Board of Directors

The Board of Directors has determined that, with the exception of Carol A. Bartz, our Executive Chairman, and Carl Bass, our Chief Executive Officer and President, all of its members are "independent directors" as that term is defined in the listing standards of The Nasdaq Stock Market. Such independence definition includes a series of objective tests, including that the director is not an employee of the Company and has not engaged in various types of business dealings with the Company. In addition, as further required by the Nasdaq listing

[Table of Contents](#)

standards, the Board of Directors has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

The independent directors meet regularly in executive session, without members of management present, as part of the quarterly meeting procedure.

Board Meetings and Board Committees

The Board of Directors held a total of 15 meetings (including regularly scheduled and special meetings) during fiscal 2008. No director attended fewer than 75 percent of the total number of meetings of the Board of Directors and committees of which he or she is a member, if any. The Company's Board of Directors currently has three standing committees: an Audit Committee, a Compensation and Human Resources Committee, and a Corporate Governance and Nominating Committee.

Audit Committee

The Audit Committee, which has been established in accordance with Section 3(a)(58)(A) of the Exchange Act, currently consists of directors J. Hallam Dawson (Chairman), Charles J. Robel, and Larry W. Wangberg, each of whom is "independent" as such term is defined for audit committee members by the listing standards of The Nasdaq Stock Market. The Board of Directors has determined that Mr. Dawson, Mr. Robel and Mr. Wangberg are each an "audit committee financial expert" as defined in the rules of the SEC.

The Audit Committee held nine formal meetings during fiscal 2008 and met numerous times informally. The Audit Committee has adopted a written charter approved by the Board of Directors, which is available on the Company's website at www.autodesk.com under "Investors—Corporate Governance."

On March 13, 2008, on the recommendation of the Corporate Governance and Nominating Committee, the Board of Directors approved the following appointments to the Audit Committee: Charles J. Robel (Chairman), J. Hallam Dawson and Elizabeth A. Nelson. The Board of Directors has determined that Mr. Robel, Mr. Dawson and Ms. Nelson are each "independent" as such term is defined for audit committee members by the listing standards of The Nasdaq Stock Market and are each an "audit committee financial expert" as defined in rules of the SEC. These appointments will be effective of June 12, 2008, the date of the Company's 2008 Annual Meeting of Stockholders.

See "Report of the Audit Committee of the Board of Directors" below for more information regarding the functions of the Audit Committee.

Compensation and Human Resources Committee

The Compensation and Human Resources Committee currently consists of Crawford W. Beveridge (Chairman), Michael J. Fister and Per-Kristian Halvorsen, each of whom qualifies as an independent director under the listing standards of The Nasdaq Stock Market.

The Compensation and Human Resources Committee reviews compensation and benefits for our executives and has authority to grant stock options to executive officers and non-executive employees under our stock plans. Because options are granted automatically to non-employee directors under the non-discretionary 2000 Directors' Option Plan, the Compensation and Human Resources Committee consists solely of non-employee directors ineligible to participate in the Company's discretionary employee stock programs. See "Executive Compensation—Compensation Discussion and Analysis" below for a description of Autodesk's processes and procedures for the consideration and determination of executive compensation.

[Table of Contents](#)

The Compensation and Human Resources Committee held 10 meetings during fiscal 2008. The Compensation and Human Resources Committee has adopted a written charter approved by the Board of Directors, which is available on the Company's website at www.autodesk.com under "Investors—Corporate Governance."

On March 13, 2008, on the recommendation of the Corporate Governance and Nominating Committee, the Board of Directors approved the following appointments to the Compensation and Human Resources Committee: Crawford W. Beveridge (Chairman), Per-Kristian Halvorsen and Steven M. West. These appointments are effective as of June 12, 2008, the date of the Company's 2008 Annual Meeting of Stockholders.

The Compensation Committee Report is included in this proxy statement on page 32.

Corporate Governance and Nominating Committee

The Corporate Governance and Nominating Committee currently consists of Per-Kristian Halvorsen (Chairman), J. Hallam Dawson, and Larry W. Wangberg, each of whom qualifies as an independent director under the listing standards of The Nasdaq Stock Market.

The Corporate Governance and Nominating Committee is responsible for the development of general criteria regarding the qualifications and selection of board members and recommending candidates for election to the Board of Directors. The Corporate Governance and Nominating Committee is also responsible for developing overall governance guidelines, overseeing the performance of the Board of Directors and reviewing and making recommendations regarding director composition and the mandates of Board of Directors committees. The Corporate Governance and Nominating Committee will consider recommendations of candidates for the Board of Directors submitted by stockholders of the Company; for more information, see "Corporate Governance—Nominating Process for Recommending Candidates for Election to the Board of Directors."

The Corporate Governance and Nominating Committee held five meetings during fiscal 2008. The Corporate Governance and Nominating Committee has adopted a written charter approved by the Board of Directors, which is available on the Company's website at www.autodesk.com under "Investors—Corporate Governance."

On March 13, 2008, on the recommendation of the Corporate Governance and Nominating Committee, the Board of Directors approved the following appointments to the Corporate Governance and Nominating Committee: Per-Kristian Halvorsen (Chairman) and Crawford W. Beveridge. These appointments will be effective as of June 12, 2008, the date of the Company's 2008 Annual Meeting of Stockholders.

Lead Director

J. Hallam Dawson currently serves as Lead Director and liaison between management and the other non-employee directors. The Lead Director schedules and chairs meetings of the independent directors. The independent directors (including the Lead Director) hold a closed session at each regularly scheduled Board of Directors meeting.

On March 13, 2008, the Board of Directors approved the appointment of Crawford W. Beveridge as the Lead Director. This appointment will be effective as of June 12, 2008, the date of the Company's 2008 Annual Meeting of Stockholders.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation and Human Resources Committee is or was formerly an officer or employee of Autodesk or any of its subsidiaries. No interlocking relationship exists between any member of our Compensation and Human Resources Committee and the compensation committee of any other Company, nor has any such interlocking relationship existed in the past.

Nominating Process for Recommending Candidates for Election to the Board of Directors

The Corporate Governance and Nominating Committee is responsible for, among other things, determining the criteria for membership on the Board of Directors and recommending candidates for election to the Board of Directors. It is the policy of the Corporate Governance and Nominating Committee to consider recommendations for candidates to the Board of Directors from stockholders. Stockholder recommendations for candidates to the Board of Directors must be directed in writing to Autodesk, Inc., 111 McInnis Parkway, San Rafael, California 94903, Attention: General Counsel, and must include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and the Company within the last three years and evidence of the nominating person's ownership of Company stock.

The Corporate Governance and Nominating Committee's criteria and process for evaluating and identifying the candidates that it selects, or recommends to the full Board of Directors for selection, as director nominees are as follows:

- The Corporate Governance and Nominating Committee regularly reviews the current composition and size of the Board of Directors.
- The Corporate Governance and Nominating Committee oversees an annual evaluation of the performance of the Board of Directors as a whole and evaluates the performance of individual members of the Board of Directors eligible for re-election at the annual meeting of stockholders.
- In its evaluation of director candidates, including the members of the Board of Directors eligible for re-election, the Corporate Governance and Nominating Committee seeks to achieve a balance of knowledge, experience and capability on the Board of Directors and considers (1) the current size and composition of the Board of Directors and the needs of the Board of Directors and the respective committees of the Board of Directors, (2) such factors as issues of character, judgment, diversity, age, expertise, business experience, length of service, independence, other commitments and the like, (3) relationships between directors and the Company's customers and suppliers, and (4) such other factors as the Corporate Governance and Nominating Committee may consider appropriate.
- While the Corporate Governance and Nominating Committee has not established specific minimum qualifications for director candidates, the Corporate Governance and Nominating Committee believes that candidates and nominees must reflect a Board of Directors that is comprised of directors who (1) are predominantly independent, (2) are of high integrity, (3) have broad, business-related knowledge and experience at the policy-making level in business or technology, including their understanding of the software industry and the Company's business in particular, (4) have qualifications that will increase overall Board of Directors effectiveness and (5) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members.
- With regard to candidates who are properly recommended by stockholders or by other means, the Corporate Governance and Nominating Committee will review the qualifications of any such candidate, which review may, in the Corporate Governance and Nominating Committee's discretion, include interviewing references for the candidate, direct interviews with the candidate, or other actions that the Corporate Governance and Nominating Committee deems necessary or proper.
- In evaluating and identifying candidates, the Corporate Governance and Nominating Committee has the authority to retain and terminate any third party search firm that is used to identify director candidates, and has the authority to approve the fees and retention terms of any search firm.
- The Corporate Governance and Nominating Committee will apply these same principles when evaluating Board of Directors candidates who may be elected initially by the full Board of Directors to fill vacancies or add additional directors prior to the annual meeting of stockholders at which directors are elected.

- After completing its review and evaluation of director candidates, the Corporate Governance and Nominating Committee selects, or recommends to the full Board of Directors for selection, the director nominees.

As a result of Mary Alice Taylor's and Steven Scheid's resignation from the Board of Directors effective July 6, 2007 (the date of our 2007 Annual Meeting of Stockholders), and at the recommendation of the Corporate Governance and Nominating Committee, the Board of Directors appointed Charles J. Robel and Steven M. West to the Board of Directors on September 27, 2007. In addition, the Corporate Governance and Nominating Committee reviewed the board size and composition during fiscal 2008 and determined that the Board of Directors size should be increased from ten members to 12 members. Consequently, on December 6, 2007, at the recommendation of the Corporate Governance and Nominating Committee, the Board of Directors amended the Company's bylaws to increase the size of the board from ten to 12 members, and appointed Sean Maloney and Elizabeth A. Nelson as members.

The Board of Directors (which includes our Chief Executive Officer and Executive Chairman) utilized the services of a third party search firm to help it identify, screen, conduct background investigations of, and interview potential director candidates. This process resulted in the appointment of our four new directors during our 2008 fiscal year.

Attendance at Annual Stockholders Meetings by the Board of Directors

The Company does not have a formal policy regarding attendance by members of the Board of Directors at the Company's annual meeting of stockholders. The Company encourages, but does not require, directors to attend. Five of our directors attended the Company's 2007 Annual Meeting of Stockholders.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Objective

Our compensation objective is to reward our executive officers for the achievement of strategic and financial corporate goals and individual performance that ultimately enhance stockholder value. This objective provides the guiding principles for compensation decisions made by the Compensation and Human Resources Committee of the Board of Directors (the “Compensation Committee”) for our executive officers. Our compensation objective is intended to effectively attract, retain and motivate the caliber of executive officer who can meaningfully contribute to the success of our Company and demonstrate leadership for our employees in what we believe is a competitive and rapidly changing software and technology industry.

In practice, we seek to link compensation to performance and to the long-term interests of our stockholders by

- ensuring our executive team has clear goals and accountability with respect to financial and nonfinancial corporate performance;
- establishing compensation opportunities that are competitive based on prevailing practices for the industry, the stage of our growth, and the dynamic and challenging technology labor markets in which we operate;
- assessing performance against individual goals within the context of certain key metrics of our overall operating results; and
- using incentive plans, which reward increases in the value of our stock, thereby creating value for our stockholders.

Throughout this proxy statement, our Chief Executive Officer, Executive Chairman and Chief Financial Officer during fiscal year 2008, as well as the other individuals included in the Summary Compensation Table on page 34, are referred to as our “Named Executive Officers.” The information in this discussion provides perspective and narrative analysis relating to, and should be read along with, the executive compensation tables and discussions contained below, beginning on page 33.

Authority for Executive Compensation Decisions

The Compensation Committee is responsible for ensuring that our executive officer compensation programs are effectively designed, implemented, and administered with sound corporate governance practices and consistent with our overall compensation objective. The Compensation Committee has the authority to approve the objective and structure of our compensation programs for our executives, including Named Executive Officers.

As of the end of our 2008 fiscal year, the Compensation Committee consisted of three independent, nonemployee directors as defined by the listing standards of The Nasdaq Stock Market: Crawford W. Beveridge (Chairman), Michael J. Fister and Dr. Per-Kristian Halvorsen. J. Hallam Dawson also served on the Compensation Committee during our 2008 fiscal year. The Compensation Committee’s charter and additional information about the Compensation Committee are available at www.autodesk.com under “Investors—Corporate Governance.” The Compensation Committee reassesses this charter annually and recommends any proposed changes to the Board of Directors for approval.

The Compensation Committee annually reviews and approves compensation for our CEO, our Executive Chairman and other executive officers. This includes base salaries, cash incentive awards, equity grants, employment agreements, severance arrangements, change of control provisions, as well as any other benefits or compensation arrangements.

[Table of Contents](#)

In addition, the Board of Directors has delegated to the Compensation Committee exclusive authority to grant stock options and other equity grants to Autodesk's executive officers and other employees.

In determining the CEO's and the Executive Chairman's compensation, the Compensation Committee solicits input from the full Board of Directors before making final decisions.

Role of Company Management in Compensation Decisions

The Compensation Committee sets compensation for our executive officers, including our Named Executive Officers. Certain executives such as our CEO, Senior Vice President of Human Resources, Vice President of Compensation and Benefits, and others from Autodesk's Human Resources, Finance, Legal, and Investor Relations organizations may assist and support the Compensation Committee. These employees may develop compensation proposals for Compensation Committee consideration, analyze competitive compensation information, and provide analyses of the status of compensation programs such as levels of equity ownership, holding value, and so forth. However, they do not have decision-making authority in regards to executive officer compensation.

Our CEO annually reviews the performance of our Named Executive Officers, other than himself and the Executive Chairman. Our CEO recommends salary adjustments, incentive awards, promotions, and equity grants for the other Named Executive Officers. The Compensation Committee reviews these recommendations and may modify them in the Compensation Committee's discretion.

In all cases, ultimate discretion for the level, type and mix of executive compensation in total and for each individual executive rests with the Compensation Committee.

Use of Outside Consultants

While our Company's management may use consultants to assist in the evaluation of CEO or executive officer compensation, the Compensation Committee has the sole authority to retain and terminate its own compensation consultant as it deems appropriate. The consultant's role is to provide independent, third-party advice to assist the Compensation Committee in evaluating and designing our executive compensation policies and programs. While the consultant reports directly to the Compensation Committee, there is interaction between the consultant and our management team as part of the process of providing executive compensation market data to the Compensation Committee. In addition, the consultant and members of our management team discuss overall Company goals and objectives.

During our 2008 fiscal year, we contracted with the following compensation consulting firms to inform and assist the Compensation Committee's decisions on proper level, type and mix of executive compensation:

- *Aon's Radford Executive Survey* provided benchmark data and overall practice reports to inform the Compensation Committee's decisions on fiscal year 2008 base salaries, incentive awards and equity grants for executive officers.
- *VenturePay Group's Executive Compensation Dashboard Report* provided benchmark compensation information based on a detailed analysis of recently filed proxies from companies in our peer group (see "Benchmarking of Compensation" below). This was an additional source of information used to inform the Compensation Committee's decisions on fiscal year 2008 base salaries, incentive awards and equity grants for executive officers.
- *Towers Perrin* was retained late in our 2008 fiscal year to review 2008 fiscal year compensation and help structure our 2009 executive compensation. Towers Perrin reports directly to the Compensation Committee as its independent executive compensation consultant.

[Table of Contents](#)

The Compensation Committee also has authority to obtain independent advice and assistance from internal or external legal, accounting, or other advisers.

Benchmarking of Compensation

To ensure that our executive compensation practices, including base salaries, target incentive awards, and equity grants are competitive and appropriate to our objective of key executive attraction and retention, the Compensation Committee uses the independent third-party executive compensation surveys mentioned above that report on the compensation practices of a group of companies in our industry as well as competitors for executive talent (collectively, our “peer group”).

Our peer group is reviewed and updated each year to ensure that the comparisons are meaningful. Several factors are considered in selecting our peer group, including industry, products and services offered, revenue level, geographic location, and competitors for executive talent in our labor markets. For fiscal year 2008 three companies were removed from our fiscal year 2007 peer group: Seibel and Veritas (both purchased or acquired by larger companies) and Google (deemed too large of a company with executive compensation programs not appropriately comparable to our programs).

The Compensation Committee uses the compensation information about the pay practices of our peer group and the information provided by our outside compensation consultants to assist it in its decisions about overall compensation, the elements of compensation, the amount of each element of compensation and relative compensation among our executives.

For fiscal year 2008, the companies in this peer group are listed below. These companies all have headquarters located in the San Francisco Bay Area with the exception of BMC Software, with headquarters in Houston, Texas.

Adobe Systems	Intuit
BEA Systems	Network Appliance
BMC Software	Symantec
Cadence Design	Synopsys
eBay	Yahoo
Electronic Arts	

Elements of Executive Compensation Programs

Autodesk’s executive compensation program has three major components: (1) base salary, (2) short-term cash incentives, and (3) long-term equity incentives. The Company also provides a comprehensive benefits program and under certain circumstances termination protection. These programs are designed to attract, retain, and motivate highly effective executives to achieve our business goals and improve stockholder value by linking compensation to our overall strategic and financial performance. Although the amount and mix of each of these three components generally are determined by objective assessment, the Committee retains and exercises judgment and subjective assessments in its ultimate compensation decisions.

Base Salary

Our base salary component provides fixed annual cash compensation set at a competitive level that recognizes the scope, responsibility, and skills required of the position. Each of our executive positions is assigned to an executive salary grade level and associated pay range based on an internal assessment of each position’s impact and scope of responsibility. The midpoints of the salary ranges are developed to reflect the increasing scope of responsibility at progressively higher executive levels and to remain competitive within our peer group. The midpoint of each range generally falls in the middle range of pay for similar jobs within our peer group. In general, executives who are new or less experienced in their role will be paid lower in the range than an executive who has demonstrated proven performance in their role for many years, is highly proficient in the skills required for their role and applies those skills to very high levels of achievement.

[Table of Contents](#)

We believe that generally targeting the middle range of salary compensation of our peer group keeps our salary compensation competitive and balanced, and provides the Compensation Committee the flexibility to increase compensation in its discretion. Base salary compensation is a reliable source of income for our executives and an important part of retaining our executives, and is not subject to the variability of the short-term cash incentive and long term equity incentive components of our executive compensation programs.

Actual base salaries for executive officers are set annually by the Compensation Committee, typically at the March meeting. Promotion or equity adjustments may be approved at other quarterly meetings.

In March 2007, the Compensation Committee considered the benchmark analysis of base salary of our peer group, salary levels of comparable jobs in our peer group as well as our CEO's assessment of each executive's experience, skills, and performance level. For the positions of CEO and Executive Chairman, the Compensation Committee consulted the full Board of Directors to conduct a similar assessment of their experience, skills, and performance.

Base salary increases for our Named Executive Officers for fiscal 2008 ranged from approximately 5 percent to 14 percent with the exception of Mr. Bado and Ms. Bartz. The approximately 5 percent to 14 percent increases were intended to maintain such executives' base salary at the middle range of comparable executives in our peer group, in accordance with each executive's experience, skills, and performance level, while acknowledging overall performance. Mr. Bado's target total compensation was increased by approximately 33 percent to reflect his promotion to Executive Vice President and to provide a market-based adjustment to approximate the middle range of pay relative to comparable positions in our peer group. Ms. Bartz salary as Executive Chairman was not adjusted since the Compensation Committee determined that her current salary is within the middle range of comparable executives in our peer group.

Short-term Cash Incentives—Executive Incentive Plan (EIP)

Our EIP is an annual cash incentive plan intended to motivate and reward participants to ensure Autodesk achieves its annual financial and non-financial objectives. This plan places compensation at-risk for employees with awards dependent upon achievement of pre-established annual goals. We use the EIP to drive not only our annual financial performance but also the superior achievement of operational objectives. We have structured our EIP to qualify as deductible "performance-based" compensation within the meaning of Section 162(m) of the Internal Revenue Code.

Elements of the EIP performance criteria may include corporate, business or functional unit and individual management goals. For example, all participants share corporate financial goals focused on annual revenue growth and profitability. In addition, participants responsible for a product division have annual financial goals specific to their division. Finally, all participants also have annual non-financial goals that are specific to their division or function. These goals vary and generally are related to the executive's functional area of responsibility and contributions to our overall fiscal year goals.

The Compensation Committee designates executives eligible to participate in the EIP each year. At the beginning of each fiscal year, the Compensation Committee approves objectives for a mix of revenue growth and non-GAAP operating margin for that year as well as target award amounts for each eligible participant. The achievement of these financial goals determines overall plan funding and awards.

A participant may receive an actual bonus that is larger or smaller than the target award amount, or may receive no bonus whatsoever. The actual award reflects a combination of the target award, our revenue growth and non-GAAP operating margin performance, and an assessment of the individual's performance during the year. The non-GAAP operating margin for fiscal year 2008 excluded certain costs, expenses, gains and losses, including equity based compensation expense, employee tax reimbursements related to our voluntary stock

[Table of Contents](#)

option review, amortization of purchased intangibles and in-process research and development expenses. We believe that the use of non-GAAP operating margin rather than GAAP operating margin focuses our executives on the on-going operations of our business, and encourages long term growth strategies such as acquisitions and investments in-process research and development.

The structure of the plan separates the funding of the awards from the determination of the actual awards, as described below.

- *Funding for Fiscal Year 2008 Awards*

The minimum performance for funding EIP awards for fiscal year 2008 was revenue growth of at least 6 percent and non-GAAP operating margin of at least 19.5 percent. For fiscal year 2008, our financial performance exceeded the minimum funding threshold, and funding of the EIP was accordingly 190 percent of the target award amounts. If this threshold was not met, there would not have been any EIP funding. This funding mechanism is a consequence of the structure of our EIP, which is intended to qualify as deductible “performance-based” compensation within the meaning of Section 162(m) of the Internal Revenue Code.

After minimum thresholds are met and the EIP is funded at the maximum amount of 190 percent, the Compensation Committee uses discretion (sometimes referred to as negative discretion) to determine appropriate award payouts based on actual achievements, rather than simply funding such awards at the full 190 percent. An award payout of about 100 percent of target would generally occur when our financial performance achieves our annual operating plan and division and individual performance objectives have been achieved. For purposes of this discussion, the terms funded and funding are used to indicate the amount that may be available in the aggregate under the EIP. The amount that ultimately is paid is discussed below.

- *Target Awards*

Since our fiscal year 2008 performance thresholds were met, target awards and maximum eligible payouts for our Named Executive Officers under the EIP were each approximately:

<u>Participant</u>	<u>Target EIP (percent of Base Salary)</u>	<u>Maximum EIP (percent of Base Salary)</u>
Carl Bass, Chief Executive Officer and President	100 percent	190 percent
Carol Bartz, Executive Chairman	Not applicable	Not applicable
Al Castino, Senior Vice President and Chief Financial Officer	75 percent	143 percent
George M. Bado, Executive Vice President Worldwide Sales and Services	17 percent	32 percent
Jan Becker, Senior Vice President Human Resources	75 percent	143 percent

- *Actual Awards to Individuals*

The Compensation Committee is not obligated to fully allocate the total funded amount. For fiscal year 2008, a 100 percent award was associated with revenue growth of 15 percent and non-GAAP operating margin of approximately 28 percent. The Compensation Committee determines the actual awards based not only on our revenue growth and non-GAAP operating margin, but also on an evaluation of each individual’s contributions relative to our results. Our fiscal year 2008 revenue growth was approximately 18 percent and our non-GAAP operating margin was approximately 27 percent.

[Table of Contents](#)

At its March 2008 meeting, the Compensation Committee reviewed our revenue growth and non-GAAP operating margin for fiscal 2008 and the individual performance of our Named Executive Officers and approved EIP payouts for Named Executive Officers approximately as follows:

<u>Participant</u>	<u>Approved EIP Payout percent of Base Salary</u>
Carl Bass, Chief Executive Officer and President	100 percent
Carol Bartz, Executive Chairman	Not Applicable
Al Castino, Senior Vice President and Chief Financial Officer	69 percent
George M. Bado, Executive Vice President Worldwide Sales and Services	17 percent
Jan Becker, Senior Vice President Human Resources	74 percent

The Compensation Committee determined that, based on the achievement of our financial targets, EIP payouts would be made at the target amounts as described above. The Compensation Committee, based on an assessment of individual performance, adjusted EIP payouts downward slightly for the Named Executive Officers, except for Mr. Bass. Details of these amounts can be found in the “Summary Compensation Table and Narrative Discussion” below. Pursuant to her employment agreement with Autodesk, Ms. Bartz does not participate in the EIP.

Autodesk Sales Compensation Plan

In addition, George M. Bado, our Executive Vice President, Worldwide Sales and Services has a portion of his targeted cash compensation tied to sales commissions based on achievement of specific revenue and contribution margin objectives. On-Target-Earnings (OTE) is the amount that he will receive if he achieves his annual financial performance objectives, such as his annual quota. OTE consists of two components: base salary and target incentive. For fiscal year 2008, his commission-based cash incentive target was set at 50 percentage of his base salary. As described earlier, he has an additional cash incentive target of approximately 17 percent of his base salary as a participant in our EIP.

Long-term Incentives—Equity-based Compensation

Equity awards provide employees and executives the opportunity to be rewarded for increases in our stock price, which we believe aligns the interests of our employees and executives with those of our stockholders. Stock options were the equity-based component of Autodesk’s fiscal year 2008 compensation program. This component is intended to direct executive attention to the importance of sustained, long-term revenue growth and profitability. In addition, stock options and other equity awards are required to compete effectively for talent in the software and technology industry. Vesting periods encourage employees and executives to remain with Autodesk and to focus on longer-term results.

In determining actual grants to executives, the Compensation Committee considers several factors including the unvested option position of each executive, the value of those options compared to other Autodesk senior executives, competitive pay practices within the peer group of companies and the individual performance of the executive.

The Compensation Committee uses “new hire,” “promotion” and “ongoing” stock grant guidelines in determining the appropriate size of these grants. The stock grant guidelines reflect the range of typical competitive practices of our peer group. The Compensation Committee has authority to exceed these guidelines within the limits prescribed under the stock plan approved by stockholders. The current plan limits any individual option grant to 1,500,000 shares, except grants to individuals in their first fiscal year of service. In that case, the limit is 3,000,000 shares.

[Table of Contents](#)

At its June 2007 meeting, the Compensation Committee reviewed the factors discussed above and awarded options to the Named Executive Officers based on individual performance and grant values of our peer group for comparable executives. Please see “Executive Compensation—Grants of Plan-Based Awards in Fiscal 2008,” below for grants made to our Named Executive Officers during our 2008 fiscal year.

Although long term incentives through equity awards represented a significant portion of our Named Executive Officers’ total 2008 fiscal year compensation, it represents a variable component of compensation for which full value may not be realized due to stock market conditions, availability of trading windows, vesting conditions, expiration of the awards and the like.

Please see further discussion on page 29 regarding our equity plans and practices.

Pay Mix

Because we want our executives focused on achieving superior annual and long-term performance, we have structured our executives’ compensation mix so that the majority of their compensation is contingent on achieving or surpassing our annual goals and achieving superior returns for our stockholders.

Total Annual Cash Compensation

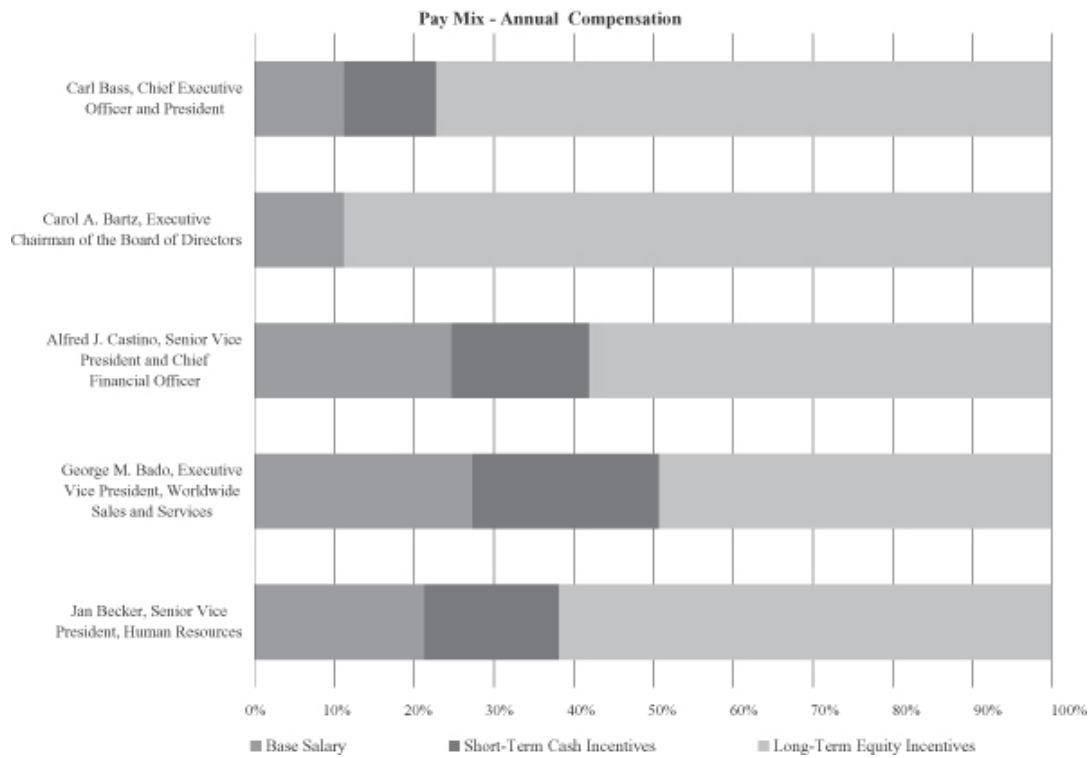

The ratio of fixed base salary and target incentive pay components reflects the strong importance that we place on superior performance and achievement. Each of our Named Executive Officers has approximately one half of his or her annual cash compensation contingent on corporate, divisional and individual performance. For fiscal year 2008, the base pay and cash incentive components for our CEO were each approximately 50 percent of targeted total cash compensation, reflecting a balance between a predictable income and performance related compensation. For our other Named Executive Officers except our Executive Chairman, overall cash compensation was slightly weighted in favor of base pay over cash incentives, reflecting a relative balance between a predictable income and performance related compensation, taking into account the lower salaries paid to our non-CEO executives. This mix between fixed base salary and cash incentives is comparable to that for similar positions reviewed in our peer group.

Carol A. Bartz, our Executive Chairman, is paid a fixed base salary but no longer has a target incentive component in her cash compensation since she moved to her current position as our Executive Chairman in fiscal year 2007.

Equity Compensation

In addition, we want our executives focused on long term achievements that build value for our stockholders. Consistent and prolonged appreciation of our stock price and the building of Company market capitalization are key measures of success. We use stock option grants and other equity vehicles to align our executives and their efforts with the goals and success of our stockholders. Because our executives and their decisions and judgment are critical to our long term success, we align the majority of their overall compensation with Company and stockholder value creation

For fiscal year 2008, the pay mix of our three components of compensation for the Named Executive Officers is shown below. The pay mix shown below generally reflects our objective of providing a large portion of our executive’s compensation through long term equity compensation. Naturally this mix varies depending on a number of factors, including stock price changes, overall Company performance and individual performance. Amounts in the table are based on what was paid or granted during fiscal year 2008. Base salary is the rate of annual base salary. Short-term cash incentive is the actual EIP bonus payout. Equity incentive amounts represent stock-based compensation expense recognized during the fiscal year for financial statement reporting purposes in accordance with FAS 123(R), disregarding an estimate of forfeitures. These amounts do not necessarily correspond to the actual value that will be realized by the Named Executive Officers upon exercise or sale of the awards.

Perquisites and Other Benefits

Benefits

We offer a variety of benefits programs to executives and regular employees alike. For example, in the United States, benefits include medical, vision, dental, employee and dependent life insurance, employee and dependent accidental death and dismemberment insurance, short-term disability, long-term disability, and financial programs such as a 401(k) plan and flexible spending accounts. We also provide a variety of relocation benefits to eligible participants.

Nonqualified Deferred Compensation

United States-based executives are eligible to participate in our Nonqualified Deferred Compensation Plan. The plan is designed to allow eligible employees to make pretax contributions through compensation deferrals to the plan and receive tax-deferred investment returns on the contributions similar to the 401(k) plan. This benefit is incremental to the 401(k) plan and is available to a limited group of Autodesk United States-based senior management employees. The assets of our Nonqualified Deferred Compensation Plan are held in a rabbi trust. Similar to the 401(k) plan, earnings are not guaranteed.

Perquisites

Our Executive Chairman Carol A. Bartz is provided a personal driver for her business transportation needs. George M. Bado is provided a local apartment on an extended basis as part of his relocation assistance. Otherwise, we do not as a general practice provide benefits or special considerations to our executives that we do not provide to other employees.

Equity Granting Practices and Policies

Equity Grant Process

In fiscal year 2008, stock options were the only equity grants made to our executive officers and other employees. All stock option grants to executive officers are made by the Compensation Committee. During fiscal year 2008, the Compensation Committee approved employee grants at its regularly scheduled quarterly meetings. Approval of annual stock option grants for executive officers occurred at the quarterly Compensation Committee meeting in June. In January 2008, the Compensation Committee convened and approved additional grants to 300 employees under our CEO Award Grant program.

The Compensation Committee approves stock option grants to newly hired executive officers at the quarterly meeting following the executive's hire date. It also approves promotion grants at the Compensation Committee meeting at which the promotion is approved, or at the next quarterly Compensation Committee meeting following the promotion.

The 2006 Employee Stock Plan expired in March 2008. In November 2007, our stockholders approved the 2008 Employee Stock Plan which became effective March 21, 2008. With limitations, additional types of securities will be available for use in fiscal year 2009 under the 2008 Employee Stock Plan, such as Restricted Stock and Restricted Stock Units.

Stock Grant Policies

Our Board of Directors has established the following policies to govern the granting of stock options:

Limitation on Number of Options Granted

The aggregate number of shares underlying equity awards granted under our 2006 and 2008 Employee Stock Plans will not exceed 2.5 percent per year of our outstanding common stock during any given fiscal year. The 2.5 percent limitation calculation is based on gross awards and is not net of cancellations. In calculating whether the 2.5 percent limitation has been reached, no equity awards issued in connection with a merger, acquisition, or similar business combination or the appointment of new senior executive officers, such as a chief executive officer, chief financial officer, or chief operating officer, will be counted toward the total.

For fiscal year 2008, the aggregate number of option grants represented less than 2.5 percent of our common shares outstanding as of January 31, 2008.

Prohibition Against Stock Option Repricing

Repricing of stock options in all of our equity plans including our 2006 and 2008 Employee Stock Plans and 2000 Directors Option Plan is prohibited. A similar policy was in place for our prior employee stock plan.

Nonqualified Stock and Incentive Stock Options

In general, we issue only nonqualified stock options to employees and executives, with the exception of grants to those executive officers subject to the stock ownership guidelines described below. Our 2006 and 2008 Employee Stock Plans limit the use of incentive stock options (ISOs) because of the heavier financial burden they place on the Company. However, because ISOs provide special tax advantages to the recipient if the stock is held for a certain period of time following exercise, we provide ISOs to certain executive officers to facilitate their meeting our stock ownership guidelines discussed below. ISOs are granted to these few individuals only to the extent allowable by applicable Internal Revenue Code limits. Any excess options are nonqualified stock options.

[Table of Contents](#)

Stock Option Grant Exercise Price

For fiscal year 2008, the exercise price for stock option grants equaled the fair market value of the Company's common stock on the date of grant. This is defined as the closing price quoted on the Nasdaq Global Select Market on the grant date.

Option Grant Vesting and Expiration

All stock options granted in fiscal year 2008 vest according to the nature of the grant and the level of the recipient. All stock options granted in fiscal year 2008, with the exception of the special CEO Award Grants, expire six years from the date of grant.

- *Executive Officer and all other vice president grants* (new hire, promotion and performance grants) have four-year vesting, with one-fourth of the total grant vesting on each grant anniversary date for four years, except our Executive Chairman, Ms. Bartz, who received an option grant that vests over two years.
- *Other non-vice president grants* (key new hire, promotion, performance grants) have three-year vesting, with one-third of the total grant vesting on each grant anniversary date for three years.
- *Standard new hire grants (50 to 100 shares, depending on country)* vest in full on the one-year anniversary of the grant date.
- *CEO Award Grant (up to 1,000 shares depending on recipient)* vest in full on the 18 month anniversary of the grant date and expire four years from the date of grant. These CEO Award grants were awarded to 300 employees below the vice president level by a special nomination process to recognize outstanding achievements.

Stock Ownership Guidelines for Executive Officers

The Board of Directors believes that stock ownership by executive officers is important to tie management to the risks and rewards inherent in stock ownership of the Company. The voluntary guidelines for stock ownership adopted by the Board in December 2004 provide that, within a four-year period, executive officers should attain an investment position in our stock equal to a multiple of their base salary. Converting a portion of management's stock options into shares encourages long-term ownership in the Company and helps align the interests of executive officers and stockholders.

Stock ownership guidelines are as follows:

<u>Position</u>	<u>Ownership Guidelines</u>
Executive Chairman	5,000 shares
Chief Executive Officer	5 times base salary
Executive Vice President*	3 times base salary*
Chief Financial Officer	2 times base salary
Senior Vice President	2 times base salary

* Stock Ownership Guidelines for Executive Vice President were introduced in December 2007, following the promotion of Mr. Bado to Executive Vice President Worldwide Sales.

The stock ownership guidelines are applicable only to those executive officers who are also subject to Section 16 of the Exchange Act. The guidelines apply so that the executive has four years from adoption of the guidelines in December 2004, or assumption of a new, higher-level position, to achieve the recommended levels of stock ownership, whichever is later. The executive can achieve the recommended levels through exercising vested stock options or by purchasing stock either in the open market or through the Employee Stock Purchase Plan. Only stock that is owned outright is applied toward meeting the guidelines.

[Table of Contents](#)

The stock value is considered at the time each year when progress towards achievement of the guidelines is assessed by the Compensation Committee. In its December 2007 meeting, the Compensation Committee determined that amount of stock owned by Carol A. Bartz, George M. Bado and Alfred J. Castino was consistent with the levels recommended by the guidelines. Mr. Bass and Ms. Becker have two years and one year, respectively, to achieve the amounts recommended for their positions. During the December 2007 meeting, the Compensation Committee evaluated the effectiveness of the guidelines in promoting greater executive stock ownership and considered several programs for implementation in fiscal 2009 to further encourage all executive officers to achieve the stock ownership guidelines within the applicable time frame. In order to accelerate achievement of the guidelines, the Compensation Committee will continue to review and evaluate the executive officers' progress and may, from time to time, consider additional programs to encourage stock ownership.

Tax and Accounting Considerations

In designing our compensation programs, we have considered tax and accounting implications, including the following.

- *Accounting for Stock-Based Compensation*—We account for stock-based compensation in accordance with the requirements of FASB Statement 123R. We also take into consideration FASB Statement 123R and other generally accepted accounting principles in determining changes to policies and practices for its stock-based compensation programs.
- *Change in Control Program*—We have structured our Change in Control program so that in the event payment of benefits constitutes a “parachute” payment under Section 280G of the Internal Revenue Code, we will revise and limit the payment so that we do not incur additional tax burden on behalf of the participant. For more information, refer to the “Executive Change in Control Program” section on page 38.
- *Executive Incentive Plan*—The EIP is structured to comply with the requirements of Section 162(m) of Internal Revenue Code, which allow certain payments under the plan to be deductible for federal income tax purposes.

Post-Employment Obligations

Employment Agreements

Two of our Named Executive Officers have negotiated employment agreements with the Company: Carl Bass, our CEO, and Carol Bartz, our Executive Chairman. These agreements provide general protection for these individuals in the event of termination without cause or resignation for good reason (including change of control). We believe that in the cases of Mr. Bass and Ms. Bartz, their employment agreements provide a valuable tool to retain their services. In the case of Mr. Bass we believe that the protections afforded to him in the event of a change of control provide us with an increased level of confidence that he will remain with the Company for some period of time after a change of control. This in turn provides continuity in the event of a change in control, which we believe may ultimately enhance stockholder value, and discourages benefits simply for consummating a change in control in the Company. Ms. Bartz's employment agreement provides for certain immediate benefits in the event of a change in control. We believe that this automatic right for Ms. Bartz is appropriate in her role as Executive Chairman. Details of the agreements for Mr. Bass and Ms. Bartz can be found beginning on page 38.

Executive Change in Control Program

In March 2006, the Board of Directors approved an amended Executive Change in Control Program, in an effort to ensure the continued service of our key executives in the event of a future change of control of the Company. Each Named Executive Officer, among other employees, participates in the Change in Control Program. Under the terms of this program, if within 12 months of a change of control (as defined below) an executive officer who participates in the program is terminated without cause, or voluntarily terminates his or her employment for good reason, he or she will receive the following:

- An amount equal to the executive officer's annual base compensation and average annual bonus, payable bimonthly over a 12-month period;
- Acceleration of the executive officer's stock options that would have vested within the 12 months following the date of the executive officer's termination; and
- Continued coverage of medical, dental, and vision insurance until the earlier of 12 months from the date of termination or when he or she becomes covered under another employer's benefits plan.

If the executive officer is terminated for any other reason, he or she will receive severance or other benefits only to the extent he or she would be entitled to receive those benefits under our then-existing benefit plans and policies. If the benefits provided under the Change in Control Program constitute parachute payments under Section 280G of the Internal Revenue Code and are subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then such benefits will be either (1) delivered in full or (2) delivered to such lesser extent that would result in no portion of the benefits being subject to the excise tax, whichever results in the receipt of the greatest amount of benefits.

As defined in the Change in Control Program, a "Change in Control" occurs if the Company is sold or merges with another corporation, if an individual acquires 50 percent or more of the total voting power represented by voting securities, or if the composition of the Board changes substantially.

We believe that the Change in Control Program provides us with a valuable tool to retain the services of our executives and provide us with some increased level of confidence that our executives will remain with the Company for some period of time after a change in control. This in turn provides continuity in the event of a change in control, which we believe may ultimately enhance stockholder value, and discourages benefits simply for consummating a change in control of the Company.

Summary Compensation Table and Narrative Disclosure

This narrative discussion, as well as the table and footnotes below, provide a summary of our Named Executive Officers' compensation for the fiscal years ended January 31, 2008 and 2007. The Named Executive Officers are Carl Bass (Chief Executive Officer and President), Alfred Castino (Chief Financial Officer), and the next three most highly compensated individuals who were serving as executive officers of Autodesk on January 31, 2008, the last day of our most recent fiscal year. Our Named Executive Officers in both fiscal 2008 and 2007 were the same. For information on our compensation objectives, see the discussion under the heading "Compensation Discussion and Analysis."

Salary—Named Executive Officers are paid a salary which reflects the dollar value of cash base salary earned by each executive during the fiscal year. We did not provide equity or other non-cash items to our Named Executive Officers as salary compensation during fiscal 2008 or 2007.

Option Awards—The value of option awards, as may be included in the following table, represents the fair value of stock options vested during the respective fiscal years. The fair value of stock options vested during a fiscal year is equal to the stock-based compensation expense recognized during the fiscal year for financial statement reporting purposes in accordance with FAS 123(R), disregarding an estimate of forfeitures related to service-based vesting conditions. The assumptions used in the valuation of these awards are set forth in Note 1, "Business and Summary of Significant Accounting Policies" in the Notes to Consolidated Financial Statements in our fiscal year 2008 Annual Report on Form 10-K filed on March 28, 2008. These amounts do not correspond to the actual value that will be realized by the Named Executive Officers upon exercise or sale of such awards.

Non-Equity Incentive Plan Compensation—Non-equity incentive plan compensation represents (1) amounts earned for services performed during the relevant fiscal year pursuant to our Executive Incentive Plan for all executives shown, except for Mr. Bado, and (2) amounts earned for services performed by Mr. Bado pursuant to Autodesk's Executive Incentive Plan and for sales commissions and sales bonuses earned, as shown below. Amounts earned under the Executive Incentive Plan are payable by their terms in the first quarter of the following fiscal year.

All Other Compensation—This column represents all other compensation for the relevant fiscal year not reported in the previous columns, such as payment of insurance premiums, reimbursement of certain tax expenses, personal gifts and related tax gross ups, resort travel and lodging, temporary housing expenses, Autodesk's matching contributions to pre-tax savings plans, and transportation expenses. Except as disclosed below, items included in this category do not exceed the greater of \$25,000 or 10 percent of the total amount of perquisites received by such Named Executive Officer.

Grants of Plan-Based Awards in Fiscal 2008

Grants of plan-based awards reflect grants made to our Named Executive Officers under non-equity incentive plans and option award plans during fiscal 2008. It includes amounts payable under the Executive Incentive Plan for performance during fiscal 2008, and options granted under the 2006 Employee Stock Plan during fiscal 2008 that are not performance based, but whose value is tied to the price of our stock. The actual amounts paid under our Executive Incentive Plan for fiscal 2008 were determined by the Compensation Committee in March 2008 and are reflected in the “Non-Equity Incentive Plan Compensation” column of the “Summary Compensation Table and Narrative Discussion” above. Options granted under the 2006 Employee Stock Plan during fiscal 2008 vest over a four year period at a rate of 25 percent per year. See “Change in Control Arrangements and Employment Agreements” below for a further description of certain terms relating to these awards. Payments made under the Equity Incentive Plan and stock-based compensation expense from the 2006 Employee Stock Plan are included in the Summary Compensation Table and do not constitute additional compensation. See “Compensation Discussion and Analysis” above for further discussion of the role of plan based awards in our overall executive compensation program.

The following table presents information concerning grants of plan-based awards to each of the Named Executive Officers during the fiscal year ended January 31, 2008:

The assumptions used in the valuation of these awards are set forth in Note 1, “Business and Summary of Significant Accounting Policies,” in the Notes to Consolidated Financial Statements in our Annual Report on Form 10-K filed on March 28, 2008. These amounts do not correspond to the actual value that will be realized by the Named Executive Officers upon exercise or sale of such award.

Nonqualified Deferred Compensation for Fiscal Year 2008

Under our Nonqualified Deferred Compensation Plan, certain executives (including Named Executive Officers) may defer compensation earned as salary, commissions or awards under the Executive Incentive Plan. Deferral elections are made by eligible executives each year during the “open enrollment” period (November or December) for amounts to be earned in the following year. An executive may defer all or a portion of his or her annual salary, commissions and Executive Incentive Plan awards under this plan. The Company does not make any contribution for executives under the Nonqualified Deferred Compensation Plan.

The following table presents information regarding non-qualified deferred compensation activity for each listed officer during the fiscal year ended January 31, 2008.

Change in Control Arrangements and Employment Agreements

In an effort to ensure the continued service of our key executives in the event of a change in control, each of our current executive officers, among other employees, participate in an amended and restated Executive Change in Control Program (the “Program”) that was approved by the Board of Directors in March 2006. In addition, Mr. Bass and Ms. Bartz have change in control provisions in their respective employment agreements, as noted below.

Executive Change in Control Program

Under the terms of the Executive Change in Control Program, if, within twelve months of a change in control, an executive officer who participates in the Program is terminated without cause, or voluntarily terminates their employment on account of good reason, as cause and good reason are defined in the Program, the executive officer will receive, upon execution of a release and one-year non competition agreement:

- An amount equal to the executive officer’s annual base compensation and average annual bonus, payable bimonthly over a 12 month period;
- The acceleration of the executive officer’s stock options that would have vested within the 12 months following the date of the executive officer’s termination; and
- Continued coverage of medical, dental and vision insurance until the earlier of 12 months from the date of termination or when the executive officer becomes covered under another employer’s employee benefit plans.

If the executive officer is terminated for any other reason, they will receive severance or other benefits only to the extent that they would be entitled to receive under our then-existing benefit plans and policies. If the benefits provided under the Program constitute parachute payments under Section 280G of the Internal Revenue Code and are subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then such benefits will be (1) delivered in full, or (2) delivered to such lesser extent that would result in no portion of the benefits being subject to the excise tax, whichever amount results in the receipt of the greatest amount of benefits.

Employment Agreement with Carl Bass

In December 2006, the Company entered into an employment agreement with Carl Bass that provides for, among other things, certain payments and benefits to be provided to Mr. Bass in the event his employment is terminated without “cause” or he resigns for “good reason,” including in connection with a “change of control” of the Company, as each such term is defined in Mr. Bass’s employment agreement.

In the event Mr. Bass’s employment is terminated by the Company without cause or if Mr. Bass resigns for good reason, and such termination is not in connection with a change of control, Mr. Bass will receive (i) continued payment of his then current base salary plus his target annual incentive compensation under the Executive Incentive Plan for the year in which the termination occurs, for 12 months, (ii) accelerated vesting for 12 months of his then outstanding, unvested equity awards (other than awards that vest based on performance), (iii) a period of not less than 6 months to exercise any vested stock options that were granted to Mr. Bass on or after the date he entered into his employment agreement, and (iv) reimbursement for premiums paid for continued health benefits for Mr. Bass and his eligible dependents until the earlier of 12 months following termination or the date Mr. Bass becomes covered under similar health plans. In addition, Mr. Bass is subject to non-solicitation and non-competition covenants for 12 months following a termination that gives rise to the severance benefits discussed above.

If, in connection with a change of control, Mr. Bass’s employment is terminated by the Company without cause or if Mr. Bass resigns for good reason, Mr. Bass will receive (i) a lump sum payment in an amount equal to 100 percent of his then current annual base salary plus his target annual incentive compensation under the Executive Incentive Plan for the year in which the termination occurs, (ii) accelerated vesting for 24 months of

[Table of Contents](#)

his then outstanding, unvested equity awards (other than awards that vest based on performance), (iii) a period of not less than 6 months to exercise any vested stock options that were granted to Mr. Bass on or after the date of the Bass Agreement, and (iv) reimbursement for premiums paid for continued health benefits for Mr. Bass and his eligible dependents until the earlier of 12 months following termination or the date Mr. Bass becomes covered under similar health plans.

Employment Agreement with Carol A. Bartz

In January 2007, the Company entered into an employment agreement with Carol A. Bartz that provides for, among other things, certain payments and benefits to be provided to Ms. Bartz upon a “change of control” of the Company or in the event her employment is terminated without “cause” or she resigns for “good reason,” as each such term is defined in Ms. Bartz’s employment agreement. In addition, at the end of Ms. Bartz’s employment with the Company, Ms. Bartz and her eligible dependents will receive continued health care coverage as follows: (i) if Ms. Bartz validly elects to continue coverage under COBRA, the Company will reimburse Ms. Bartz for premiums paid for a period of 12 months; (ii) after Ms. Bartz’s coverage under COBRA ends and prior to Ms. Bartz reaching the age of 65, the Company will pay premiums for insurance that provides health and dental benefits substantially comparable to those provided under the Company’s health plans, and in addition will pay for a primary physician under a concierge plan and a medical advocacy service to assist in processing claims; and (iii) after Ms. Bartz reaches the age of 65, Medicare shall become the primary health care provider, provided that the Company shall pay the cost of a supplemental insurance to maintain the same level of health coverage specified in (ii) above and will continue to pay the cost of a primary physician under a concierge plan and a medical advocacy service to assist in processing claims. Such coverage will end upon Ms. Bartz’s death or Ms. Bartz becoming eligible under another employer’s health plan, provided that, if there has been no termination of coverage at the time of Ms. Bartz’s death, coverage will continue to be provided to Ms. Bartz’s spouse to the extent reasonably possible. The continued health care coverage will be subject to Ms. Bartz signing and not revoking a separation and release of claims and abiding by the terms of a non-competition and non-solicitation agreement for 12 months.

In the event Ms. Bartz’s employment is terminated by the Company without cause or if Ms. Bartz resigns for good reason, Ms. Bartz will receive (i) the continued health care coverage discussed above, and (ii) immediate vesting of all outstanding, unvested stock options. Upon a change of control of the Company, Ms. Bartz will receive (i) immediate vesting of all outstanding, unvested stock options, and (ii) any additional benefits described in the Company’s Executive Change in Control Program. Such severance benefits will be subject to Ms. Bartz signing and not revoking a separation and release of claims and abiding by the terms of a non-solicitation agreement for 12 months.

In addition, in the event of Ms. Bartz’s employment terminates due to death or disability, then Ms. Bartz will receive immediate vesting of all outstanding, unvested stock options.

Potential Payments Upon Termination or Change of Control

The tables below list the estimated amount of compensation payable to each of the Named Executive Officers in the event of voluntary termination, involuntary not-for-cause termination, for cause termination, termination following a change in control and termination in the event of disability or death of the executive. The amounts shown assume that such termination was effective as of January 31, 2008, and include amounts earned through such time for all components of compensation, benefits and perquisites payable under the Executive Change in Control Program. Amounts for Mr. Bass and Ms. Bartz also include certain items specified in their employment agreements, discussed above. Estimated amounts for share-based compensation are based on the closing price of our common stock on the Nasdaq Global Select Market as of January 31, 2008, which was \$41.15 per share. The actual amounts to be paid out can only be determined at the time of such executive’s separation from the Company.

- (1) *Base Salary*: For Mr. Bass and Ms. Bartz, the amounts shown would be paid in accordance with their respective employment agreements. For Mr. Castino, Mr. Bado and Ms. Becker, the amounts shown would be paid in accordance with the Executive Change in Control Program.
- (2) *Executive Incentive Plan (EIP)*: For Mr. Bass, amounts reflect payments in accordance with his employment agreement. Ms. Bartz does not participate in the Executive Incentive Plan. For Mr. Castino, Mr. Bado and Ms. Becker, amounts in the Voluntary Termination, Involuntary Not for Cause or Voluntary for Good Reason (Except in Change in Control) and For Cause Termination columns reflect the sum of the fiscal 2008 bonus already earned under the Executive Incentive Plan, and the amounts in the Involuntary Not for Cause or Voluntary for Good Reason (Change in Control) column are the sum of the fiscal 2008 bonus already earned under the Executive Incentive Plan and a severance bonus equal to the average of the last three years' bonuses under the Autodesk Change in Control Program.
- (3) *Stock Options*: For Mr. Castino, Mr. Bado and Ms. Becker, amounts shown in the Involuntary Not for Cause or Voluntary For Good Reason columns reflect the value of their outstanding stock options that would normally have vested in the twelve months following their separation but are accelerated (i.e., vest immediately on the date of separation) in accordance with the Autodesk Change in Control Program agreement. For Mr. Bass, in accordance with his employment agreement, the amount shown in the Involuntary Not for Cause or Voluntary for Good Reason (Except Change in Control) column reflects the value realized upon immediate vesting of his options normally vesting in the twelve months following his separation; in the Involuntary Not for Cause or Voluntary for Good Reason (Change in Control) column, the amount shown reflects the value realized upon immediate vesting of his options normally vesting in the twenty-four months following his separation. For Ms. Bartz, in accordance with her employment agreement, the amounts shown in the Involuntary Not For Cause (Except Change in Control), Change in Control without Termination, Involuntary Not for Cause (Change in Control), Disability and Death columns all reflect immediate vesting of all of her outstanding stock options.
- (4) *Health Insurance*: For Mr. Bass, in accordance with his employment agreement, these amounts represent the cost of continuing coverage for Mr. Bass and his dependents for twelve months. For Ms. Bartz, in

[Table of Contents](#)

accordance with her employment agreement, these amounts reflect the present value (including tax gross-up) of postemployment health coverage; the amount shown in the Death column represents continuing spousal coverage. For all other executives, these amounts represent the cost of continuing coverage for each executive and their dependents for twelve months in accordance with the Autodesk Change in Control Program.

- (5) *Disability Income*: Reflects the estimated present value of all future payments to each executive under the Company's disability program, which represent 100 percent of salary for the first 90 days, and then 66-²/₃ percent of salary thereafter, with a maximum of \$20,000 per month, until the age of 65. These payments would be made by the insurance provider, not by Autodesk.
- (6) *Accidental Death or Dismemberment*: Reflects the lump-sum amount payable to each executive or his or her beneficiaries by Autodesk's insurance provider in the event of each executive's accidental death. There is also a prorated lump sum payment for dismemberment. The amount shown as payable upon dismemberment is based upon the payout for the most severe dismemberment under the plan.
- (7) *Life Insurance*: Reflects the lump-sum amount payable to beneficiaries by Autodesk's insurance provider in the event of each executive's death.
- (8) *Sales Commissions and Bonus*: Reflects amounts earned in the fourth quarter of fiscal 2008 by Mr. Bado that will be paid in the following fiscal year.

Compensation of Directors

During fiscal 2008, our non-employee directors were eligible to receive the annual compensation set forth below:

Member of the Board of Directors	\$	75,000
Lead Director		an additional \$25,000
Chair of the Audit Committee		an additional \$25,000
Chair of the Compensation and Human Resources Committee		an additional \$20,000
Chair of the Corporate Governance and Nominating Committee		an additional \$10,000

No later than December 31 of the year prior to a director's re-election to the Board of Directors, each director may elect to receive up to fifty percent of their annual fee in cash, with the balance paid in the form of restricted stock issued at a rate of \$1.20 worth of stock for each \$1.00 of cash compensation foregone. The restricted stock is issued on the date of the annual meeting of stockholders and vests on the date of the annual meeting of stockholders in the following year, provided that the recipient is a director on such date. If elected, cash compensation is accrued monthly and paid quarterly, in arrears. For fiscal 2008, all of the non-employee directors elected to receive 100 percent of their annual fees as restricted stock.

Additionally, the Company's 2000 Directors' Option Plan provides for the automatic grant of nonstatutory stock options to our non-employee directors. Upon being elected or appointed to our Board of Directors, each non-employee director is granted an option to purchase 50,000 shares of our Common Stock, with subsequent annual option grants of 20,000 shares of our Common Stock. The exercise price of options granted under the 2000 Directors' Option Plan is equal to the fair value of our Common Stock on the date of grant. Options granted under the 2000 Directors' Option Plan upon election or appointment vest over a three-year period; subsequent annual option grants vest over a one-year period.

The table below presents information concerning the compensation paid or accrued by us to each of our non-employee directors for the fiscal year ended January 31, 2008. Ms. Bartz and Mr. Bass, who are our employees, do not receive additional compensation for their services as directors.

Elizabeth A. Nelson	12,500	—	36,355	48,855

- (a) Ms. Taylor and Mr. Scheid did not seek re-election to the Board of Directors at the 2007 Annual Meeting held on July 6, 2007, and ceased to be directors on that date. Mr. Robel and Mr. West were appointed to the Board of Directors on September 27, 2007 and Mr. Maloney and Ms. Nelson were appointed to the Board of Directors on December 6, 2007.
- (b) Reflects the portion of director's fees earned that, upon prior election as discussed above, may be paid in cash. Except as noted below, all of our non-employee directors elected to convert 100 percent of the cash portion of their annual fees to restricted stock at a rate of \$1.20 worth of stock for each \$1.00 of cash compensation. See footnote (d) for the grant date fair value of the restricted stock that they received as a result of such election. As Messrs. Robel, West and Maloney and Ms. Nelson were appointed to the Board of Directors after our June 6, 2008 board meeting, they received all of their compensation in cash, and the amounts shown reflect the cash that they received, which was pro-rated for the portion of the year for which they served.
- (c) Reflects the fair value of director's fees paid in stock, as discussed above, less the portion that may be paid in cash.
- (d) Represents the fair value of stock options vested during the fiscal year. The fair value of stock options vested during a fiscal year is equal to the stock-based compensation expense recognized during the fiscal year for financial statement reporting purposes in accordance with FAS 123(R), disregarding an estimate of forfeitures related to service-based vesting conditions. The assumptions used in the valuation of these awards are set forth in Note 1, "Business and Summary of Significant Accounting Policies," in the Notes to Consolidated Financial Statements in our fiscal year 2008 Annual Report on Form 10-K filed on March 28, 2008. These amounts do not correspond to the actual value that will be realized by the directors upon exercise or sale of such awards.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Review, Approval or Ratification of Related Person Transactions

Autodesk's Related Party Transactions Policy states that all transactions between or among the Company and its wholly-owned subsidiaries and any Related Party, as defined, requires the prior written approval of the Chief Financial Officer. Non-routine Transactions with vendors and suppliers to the Company and its wholly-owned subsidiaries require the prior written approval of the Corporate Controller. In addition, in accordance with our Code of Business Conduct and the charter for the Audit Committee, our Audit Committee reviews and approves in advance any proposed "related person" transactions. Any related person transaction will be disclosed in the applicable SEC filing as required by the rules of the SEC. For purposes of these procedures, "related person" and "transaction" have the meanings contained in Item 404 of Regulation S-K.

Related Party Transactions

During fiscal 2008, the law firm of Wilson Sonsini Goodrich & Rosati, Professional Corporation, acted as principal outside legal counsel to Autodesk. Mark A. Bertelsen, a director of Autodesk, is a member of Wilson Sonsini Goodrich & Rosati, Professional Corporation. During fiscal 2008, payments by Autodesk to Wilson Sonsini Goodrich & Rosati were less than one percent of such firm's revenues in the last fiscal year and less than 0.2 percent of our revenues for our fiscal 2008. We believe that the services performed by Wilson Sonsini Goodrich & Rosati were provided on terms no more or less favorable than those with unrelated parties.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10 percent of a registered class of our equity securities ("10 percent Stockholders"), to file reports of ownership on Form 3 and changes in ownership on Form 4 or 5 with the SEC and The Nasdaq Stock Market. Such executive officers, directors and 10 percent Stockholders are also required by SEC rules to furnish us with copies of all Section 16(a) forms that they file.

Based solely on our review of the copies of such reports furnished to us and written representations that no other reports were required to be filed during fiscal 2008, we are not aware of any late Section 16(a) filings except for one Form 4 filed for Carol A. Bartz on July 23, 2007, reporting the exercise of an option and sale of the stock underlying that option.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee is a committee of the Board of Directors comprised solely of independent directors as required by the listing standards of The Nasdaq Stock Market and rules of the SEC. The Audit Committee operates under a written charter approved by the Board of Directors, which is available on the Company's website at www.autodesk.com under "Investors—Corporate Governance." The composition of the Audit Committee, the attributes of its members and the responsibilities of the Audit Committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. The Audit Committee reviews and assesses the adequacy of its charter and the Audit Committee's performance on an annual basis.

As described more fully in its charter, the purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the financial reporting, the systems of internal control and the audit process; and by monitoring the Company's compliance with applicable laws, regulations and policies.

The Audit Committee reviewed and discussed the audited financial statements for fiscal year 2008 with management and Ernst & Young LLP, Autodesk's independent registered public accounting firm. Management is responsible for the quarterly and annual financial statements and the reporting process, including the systems of internal controls. Ernst & Young LLP is responsible for expressing an opinion on the conformity of our audited financial statements with generally accepted accounting principles. In addition, we received from and discussed with Ernst & Young LLP the written disclosures and the letter required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," discussed Ernst & Young LLP's independence with them, and discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, "Communications with Audit Committees," each as currently in effect. We also discussed with management and with Ernst & Young LLP the evaluation of Autodesk's internal controls and the effectiveness of Autodesk's internal control over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act of 2002.

The Audit Committee discussed with Autodesk's internal and independent auditors the overall scope and plans for their respective audits. In addition, the Audit Committee met with the internal and the independent auditors, with and without management present, and discussed the results of their examinations and the overall quality of Autodesk's financial reporting.

On the basis of these reviews and discussions, the Audit Committee recommended to the Board of Directors (and the Board of Directors has approved) that Autodesk's audited financial statements be included in Autodesk's Annual Report on Form 10-K for the fiscal year ended January 31, 2008 for filing with the SEC.

(g) "Exchange Act" means the Securities Exchange Act of 1934, as amended. Reference to a specific section of the Exchange Act or regulation thereunder shall include such section or regulation, any valid regulation promulgated under such section, and any comparable provision of any future legislation or regulation amending, supplementing or superseding such section or regulation.

(h) "Fair Market Value" means, as of any date, the value of Common Stock determined as follows:

(i) If the Common Stock is listed on any established stock exchange or national market system, including without limitation the Nasdaq National Market, the Fair Market Value of a Share of Common Stock shall be the closing sale price for such stock (or the closing bid, if no sales were reported), as quoted on such system or exchange (or, if more than one, on the exchange with the greatest volume of trading in the Company's Common Stock) on the day of determination, as reported in *The Wall Street Journal* or such other source as the Board deems reliable;

(ii) If the Common Stock is quoted on Nasdaq (but not on the National Market) or regularly quoted by a recognized securities dealer, but selling prices are not reported, the Fair Market Value of a Share of Common Stock shall be the mean between the high and low asked prices for the Common Stock on the date of determination, as reported in *The Wall Street Journal* or such other source as the Board deems reliable, or;

¹ As amended by the Board of Directors on March 13, 2008 and approved by the stockholders on _____, 2008.

The Shares may be authorized, but unissued, or reacquired Common Stock. Effective as of September 2, 2005, the number of Shares that may be issued hereunder after such date as Restricted Stock shall not exceed 124,300 Shares.

If an Option expires or becomes unexercisable without having been exercised in full, the unpurchased Shares which were subject thereto shall become available for future grant or sale under the Plan (unless the Plan has terminated). If Shares are forfeited to the Company pursuant to a Restricted Stock agreement, such Shares shall be returned to the Plan and shall become available for reissuance under the Plan, unless the Plan shall have been terminated. However, such Shares shall not return to the Plan if the persons to whom they were originally issued receive the benefits of ownership of such Shares (other than voting), as such concept is interpreted from time to time by the Securities and Exchange Commission in the context of Rule 16b-3. 4. Administration of and Grants under the Plan.

(a) *Administration.* Except as otherwise required herein, the Plan shall be administered by the Board. All grants of Options and Restricted Stock to Outside Directors under this Plan shall be automatic and nondiscretionary and shall be made strictly in accordance with the following provisions:

(b) *Option Grants.*

(i) No person shall have any discretion to select which Outside Directors shall be granted Options or to determine the number of Shares to be covered by Options granted to Outside Directors.

(ii) Each Outside Director who joins the Board on or after March 16, 2000 shall be automatically granted an Option to purchase 50,000 Shares (the "Initial Option") upon the date of the first meeting of the Board at which such person first serves as a Director (which shall be (i) in the case of a Director elected by the stockholders of the Company, the first meeting of the Board after the meeting of stockholders at which such Director was elected or (ii) in the case of a Director appointed by the Board to fill a vacancy, the meeting of the Board at which such Director is appointed); provided, however, that no Option shall become exercisable under the Plan until stockholder approval of the Plan has been obtained in accordance with Section 17 hereof.

(iii) On the date of each annual stockholder meeting (an "Annual Meeting") during the term of this Plan, each Outside Director shall automatically receive an additional Option to purchase 20,000 Shares (the "Annual Option"), provided that (1) the Annual Option shall be granted only to an Outside Director who has served on the Board for at least six full months prior to the date of grant and (2) the grant of an Annual Option shall be subject to the person's continued service as an Outside Director.

(iv) The terms of each Option granted hereunder shall be as follows:

(1) Each Option shall terminate, if not previously exercised or otherwise terminated, on a date six (6) years after the date of grant.

(2) Each Option shall be exercisable only while the Outside Director remains a Director of the Company, except as set forth in Section 8 hereof.

(3) The exercise price per Share of each Option shall be 100% of the Fair Market Value per Share on the date of grant of the Option.

(4) Each Initial Option shall become exercisable in installments cumulatively as 34%, 33% and 33%, respectively, of the Optioned Stock, on each of the three (3) succeeding years on the anniversary of such Option's date of grant, for a total vesting period of approximately three (3) years, provided that the Director continues to serve on the Board on such dates.

(5) Each Annual Option shall become fully exercisable on the date of the Company's next Annual Meeting for a total vesting period of approximately one (1) year, provided that the Director continues to serve on the Board on such date.

(v) In the event that any Option granted under the Plan would cause the number of Shares subject to outstanding Options plus the number of Shares previously purchased upon exercise of Options and the number of Shares issued pursuant to Restricted Stock Awards to exceed the Pool, then each such automatic grant shall be for that number of Shares determined by dividing the total number of Shares remaining available for grant by the number of Outside Directors on the automatic grant date. No further grants shall be made until such time, if any, as additional Shares become available for grant under the Plan through action of the stockholders to increase the number of Shares which may be issued under the Plan or through cancellation or expiration of Options previously granted hereunder.

(c) *Restricted Stock Awards.*

(i) No person shall have any discretion to select which Outside Directors shall receive Restricted Stock Awards or to determine the number of Shares to be covered by Restricted Stock awarded to Outside Directors; provided, however, that nothing in this Plan shall be construed to prevent an Outside Director from irrevocably declining to receive a Restricted Stock Award under this Plan.

(ii) On the date of each Annual Meeting during the term of this Plan, each Outside Director shall automatically receive a Restricted Stock Award for that number of Shares determined by dividing (1) the product of (a) fifty percent (50%) of the cash value of his or her annual retainer as a Director multiplied by (b) 1.2, by (2) the Fair Market Value of a Share on that date, rounded to the nearest whole Share, provided that on the date of grant of any such Restricted Stock Award such person is an Outside Director; and provided further that sufficient Shares are available under the Plan for the grant of such Restricted Stock Award.

(iii) On or before December 31 of the calendar year prior to each Annual Meeting during the term of this Plan, each Outside Director may make an election (the "Election") to receive any or all of the remaining cash balance of his or her annual retainer that will be earned for services performed as a Director in calendar years after the calendar year in which the election is made in the form of a Restricted Stock Award. The Election must be in writing and delivered to the Secretary of the Company on or prior to December 31 of the calendar year prior to such Annual Meeting. Any Election made by an Outside Director pursuant to this subsection 4(c)(iii) shall be irrevocable and shall comply with Section 409A of the Code to the extent applicable unless otherwise determined by the Board. Effective as of the Annual Meeting, the Outside Director shall receive a Restricted Stock Award for that number of Shares determined by dividing (1) the product of (a) the amount of his or her annual retainer as a Director covered by the Election, multiplied by (b) 1.2, by (2) the Fair Market Value of a Share on that date, rounded to the nearest whole Share, provided that on the date of grant of any such Restricted Stock Award such person is an Outside Director; and provided further that sufficient Shares are available under the Plan for the grant of such Restricted Stock Award.

(iv) The terms of a Restricted Stock Award granted hereunder shall be as follows:

(1) the purchase price shall be \$.01 per Share (the par value of the Company's Common Stock) and shall be deemed paid by services rendered by the Director (except as otherwise determined by the Board and set forth in the applicable Restricted Stock agreement); and

(2) Subject to Sections 9(d) and 11(c), Restricted Stock shall vest on the date of the following year's Annual Meeting of Stockholders of the Company, provided that the Participant is an Outside Director on such date.

(d) *Powers of the Board.* Subject to the provisions and restrictions of the Plan, the Board shall have the authority, in its discretion: (i) to determine, upon review of relevant information and in accordance with Section 2(h) of the Plan, the Fair Market Value of the Common Stock; (ii) to construe and interpret the terms of the Plan and Options and Restricted Stock Awards granted hereunder; (iii) to prescribe, amend and rescind rules and regulations relating to the Plan; (iv) to approve forms of agreement for use under the Plan; (v) to authorize any person to execute on behalf of the Company any instrument required to effectuate the grant of an Option or Restricted Stock Award previously granted hereunder; (vi) to modify or amend each Option or Restricted Stock Award (not inconsistent with the terms of the Plan), including the discretionary authority to extend the post-termination exercisability period of Options; and (vii) to make all other determinations deemed necessary or advisable for the administration of the Plan.

(e) *Effect of Board's Decision.* All decisions, determinations and interpretations of the Board shall be final and binding on all Participants and any other holders of Options or Restricted Stock Awards and shall be given the maximum deference permitted by law.

5. *Eligibility.* Options and Restricted Stock Awards may be granted only to Outside Directors. All Options shall be automatically granted in accordance with the terms set forth in Section 4(b) and all Restricted Stock Awards shall be automatically granted in accordance with the terms set forth in Section 4(c).

The Plan shall not confer upon any Participant any right with respect to continuation of service as a Director or nomination to serve as a Director, nor shall it interfere in any way with any rights which the Director or the Company may have to terminate his or her directorship at any time.

6. *Term of Plan.* The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the stockholders of the Company as described in Section 17 of the Plan. It shall continue in effect for a term of ten (10) years unless sooner terminated under Section 12 of the Plan.

7. *Option Exercise Price and Consideration.*

(a) *Exercise Price.* The per Share exercise price for Optioned Stock shall be 100% of the Fair Market Value per Share on the date of grant of the Option.

(b) *Form of Consideration.* The consideration to be paid for the Shares to be issued upon exercise of an Option may consist of (i) cash, (ii) check, (iii) other Shares which, in the case of Shares acquired upon exercise of an Option, either have been owned by the Participant for more than six (6) months on the date of surrender or were not acquired, directly or indirectly, from the Company, and have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised, (iv) any combination of the foregoing methods; or (v) such other consideration and method of payment for the issuance of Shares to the extent permitted by applicable law; provided however, that in no case will loans be permitted as consideration for exercising an Option hereunder.

(c) *No Repricing.* The per Share exercise price for Optioned Stock may not be reduced without the consent of the Company's stockholders. This shall include, without limitation, a repricing of the Optioned Stock as well as an Option exchange program whereby the Participant agrees to cancel an existing Option in exchange for an Option, a Restricted Stock Award, cash, or a combination thereof.

8. *Exercise of Option.*

(a) *Procedure for Exercise; Rights as a Stockholder.* Any Option granted hereunder shall be exercisable at such times as are set forth in Section 4(b) hereof.

An Option may not be exercised for a fraction of a Share.

An Option shall be deemed to be exercised when the Company receives: (i) written or electronic notice of such exercise (in accordance with the Option agreement) from the person entitled to exercise the Option and (ii) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment allowable under Section 7(b) of the Plan. Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. A share certificate for the number of Shares so acquired shall be issued to the Participant as soon as practicable after exercise of the Option. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 11 of the Plan.

Except as otherwise provided in Section 3, exercise of an Option in any manner shall result in a decrease in the number of Shares which thereafter may be available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(b) *Rule 16b-3*. Options granted to Outside Directors must comply with the applicable provisions of Rule 16b-3 promulgated under the Exchange Act or any successor thereto and shall contain such additional conditions or restrictions as may be required thereunder to qualify for the maximum exemption from Section 16 of the Exchange Act with respect to Plan transactions.

(c) *Termination of Status as a Director*. If an Outside Director ceases to serve as a Director, he may, but only within seven (7) months after the date he ceases to be a Director of the Company, exercise his Option to the extent that he was entitled to exercise it at the date of such termination; *provided, however*, that if an Outside Director ceases to serve as a Director upon a Qualified Retirement, then he may, but only within three (3) years after the date he ceases to be a Director of the Company, exercise his Option to the extent he was entitled to exercise it at the date of such Qualified Retirement. Notwithstanding the foregoing, in no event may the Option be exercised after its term has expired. To the extent that the Director was not entitled to exercise an Option at the date of such termination, or if he does not exercise such Option (which he was entitled to exercise) within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(d) *Disability of Participant*. Notwithstanding the provisions of Section 8(c) above, in the event a Participant is unable to continue his service as a Director as a result of his total and permanent disability (as defined in Section 22(e)(3) of the Code), he may, but only within twelve (12) months from the date of termination, exercise his Option to the extent he was entitled to exercise it at the date of such termination. Notwithstanding the foregoing, in no event may the Option be exercised after its term has expired. To the extent that he was not entitled to exercise the Option at the date of termination, or if he does not exercise such Option (which he was entitled to exercise) within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(e) *Death of Participant*. In the event of the death of a Participant during the term of an Option, the Option shall become fully exercisable, including as to Shares for which it would not otherwise be exercisable and may be exercised, at any time within twelve (12) months following the date of death, by the Participant's estate or by a person who acquired the right to exercise the Option by bequest or inheritance. Notwithstanding the foregoing, in no event may the Option be exercised after its term has expired. To the extent the Option is not exercised within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

9. *Restricted Stock*.

(a) *Restricted Stock Agreement*. Following the grant of a Restricted Stock Award in accordance with Section 4(c), the Board shall provide the Participant with a Restricted Stock agreement, in such form as the Board shall approve, specifying the number of Shares granted, the Period of Restriction, and such other terms, conditions and restrictions relating to the Restricted Stock Award. Unless the Board determines otherwise, Shares of Restricted Stock shall be held by the Company as escrow agent until the restrictions on such Shares have lapsed.

(b) *Rights as a Stockholder*. Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing Restricted Stock, no right to vote or to receive dividends or any other rights as a stockholder shall exist with respect to Shares of Restricted Stock. A share certificate for the number of Shares of Restricted Stock granted shall be issued to the Participant as soon as practicable after the date of grant of the Restricted Stock Award. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 11 of the Plan.

(c) *Removal of Restrictions*. Shares of Restricted Stock covered by each Restricted Stock Award made under the Plan shall be released from escrow as soon as practicable after the last day of the Period of Restriction. The Board, in its discretion, may accelerate the time at which any restrictions shall lapse or be removed. After the

Table of Contents

restrictions have lapsed, the Participant shall be entitled to have any legends removed from his or her Share certificate, and the Shares shall be freely transferable by the Participant. The Board (in its discretion) may establish procedures regarding the release of Shares from escrow and the removal of legends, as necessary or appropriate to minimize administrative burdens on the Company.

(d) *Termination of Status as a Director.* In the event a Participant ceases to be a Director prior to vesting (other than by reason of the Participant's death), any unvested Shares of Restricted Stock shall be forfeited by the Participant without any consideration therefor.

(e) *Death.* In the event a Participant ceases to be a Director by reason of the Participant's death, the Participant's Restricted Stock shall become fully vested as of the date of death.

(f) *Shares Available Under the Plan.* Except as otherwise provided in Section 3 hereof, the grant of a Restricted Stock Award as provided hereunder shall result in a decrease in the number of Shares that thereafter shall be available under the Plan, by the number of Shares of Restricted Stock subject thereto. On the date set forth in the Restricted Stock agreement, the Restricted Stock for which restrictions have not lapsed shall revert to the Company and again shall become available for grant under the Plan.

(g) *Rule 16b-3.* Restricted Stock Awards to Outside Directors must comply with the applicable provisions of Rule 16b-3 of the Exchange Act and shall contain such additional conditions or restrictions as may be required thereunder to qualify Plan transactions, and other transactions by Outside Directors that could be matched with Plan transactions, for the maximum exemption from Section 16 of the Exchange Act with respect to Plan transactions.

10. *Non-Transferability of Options and Restricted Stock Awards.* Unless otherwise determined by the Board, Options and Restricted Stock Awards may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution. Options may be exercised, during the lifetime of the Participant, only by the Participant. If the Board makes an Option or Restricted Stock Award transferable, such award shall contain such additional terms and conditions as the Board deems appropriate; provided, however, that such award shall in no event be transferable for value. Notwithstanding the foregoing, a Participant may, if the Board (in its discretion) so permits, transfer an Option or Restricted Stock Award granted on or after March 13, 2008 to an individual or entity other than the Company. Any such transfer shall be made in accordance with such procedures as the Board may specify from time to time.

11. *Adjustments Upon Changes in Capitalization, Dissolution, Merger, Asset Sale or Change of Control.*

(a) *Changes in Capitalization.* Subject to any required action by the stockholders of the Company, the number of Shares covered by each outstanding Option and Restricted Stock Award, the number of Shares which have been authorized for issuance under the Plan but as to which no Options or Restricted Stock Awards have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Option or forfeiture of Restricted Stock, as well as the price per Share covered by each such outstanding Option, as applicable, shall be proportionately adjusted for any increase or decrease in the number of issued Shares resulting from a stock split, spin off, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of Shares subject to an Option or Restricted Stock Award.

(b) *Dissolution or Liquidation.* In the event of a proposed dissolution or liquidation of the Company, Options and Restricted Stock (other than Restricted Stock granted in accordance with Section 4(c)(iii) on or after

Table of Contents

March 13, 2008) shall become fully vested and, in the case of Options, fully exercisable, including as to Shares as to which it would not otherwise be exercisable. To the extent an Option remains unexercised at the time of the dissolution or liquidation, the Option shall terminate.

(c) *Merger or Asset Sale.* In the event of (i) a merger of the Company with or into another corporation, other than a merger which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity or its parent) at least fifty percent (50%) of the total voting power represented by the voting securities of the Company or such surviving entity or its parent outstanding immediately after such merger or (ii) the sale of substantially all of the assets of the Company, Restricted Stock shall fully vest and outstanding Options may be assumed or equivalent options may be substituted by the successor corporation or a parent or subsidiary thereof (the "Successor Corporation"). If an Option is assumed or substituted for, the Option or equivalent option shall continue to be exercisable as provided in Section 4 hereof for so long as the Participant serves as a Director or a director of the Successor Corporation. Following such assumption or substitution, if the Participant's status as a Director or director of the Successor Corporation, as applicable, is terminated other than upon a voluntary resignation by the Participant, the Option or option shall become fully exercisable, including as to Shares for which it would not otherwise be exercisable. Thereafter, the Option or option shall remain exercisable in accordance with Sections 8(c) through (e) above.

If the Successor Corporation does not assume an outstanding Option or substitute for it an equivalent option, the Option shall become fully vested and exercisable, including as to Shares for which it would not otherwise be exercisable. In such event the Board shall notify the Participant that the Option shall be fully exercisable for a period of thirty (30) days from the date of such notice, and upon the expiration of such period the Option shall terminate.

For the purposes of this Section 11(c), an Option shall be considered assumed if, following the merger or sale of assets, the Option confers the right to purchase or receive, for each Share of Optioned Stock subject to the Option immediately prior to the merger or sale of assets, the consideration (whether stock, cash, or other securities or property) received in the merger or sale of assets by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares).

12. Amendment and Termination of the Plan.

(a) *Amendment and Termination.* The Board may at any time amend, alter, suspend, or discontinue the Plan, but no amendment, alteration, suspension, or discontinuation shall be made which would impair the rights of any Participant under any grant theretofore made, without his or her consent. In addition, to the extent necessary and desirable to comply with any applicable law or regulation, the Company shall obtain stockholder approval of any Plan amendment in such a manner and to such a degree as required.

(b) *Effect of Amendment or Termination.* Any such amendment or termination of the Plan shall not impair the rights of any Participant under Options or Restricted Stock already granted without his or her consent and, in the absence of such consent, such Options and Restricted Stock shall remain in full force and effect as if this Plan had not been amended or terminated.

13. *Time of Granting Options or Restricted Stock Awards.* The date of grant of an Option or Restricted Stock Award shall, for all purposes, be the date determined in accordance with Section 4 hereof. Notice of the determination shall be given to each Outside Director to whom an Option or Restricted Stock Award is so granted within a reasonable time after the date of such grant.

14. *Conditions Upon Issuance of Shares.* Shares shall not be issued pursuant to the exercise of an Option or grant of a Restricted Stock Award unless the exercise of such Option or grant of such Restricted Stock Award and the issuance and delivery of such Shares pursuant thereto shall comply with all relevant provisions of law,

including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, state securities laws, and the requirements of any stock exchange upon which the Shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an Option or receipt of Shares under a Restricted Stock Award, the Company may require the person exercising such Option or receiving Shares of Restricted Stock to represent and warrant at the time of any such exercise or receipt that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares, if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned relevant provisions of law.

Inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

15. *Reservation of Shares.* The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

16. *Agreements.* Options and Restricted Stock Awards shall be evidenced by written agreements in such form as the Board shall approve.

17. *Stockholder Approval.* Continuance of the Plan shall be subject to approval by the stockholders of the Company at or prior to the first annual meeting of stockholders held subsequent to the adoption of the Plan. Such stockholder approval shall be obtained in the degree and manner required under applicable state and federal law.

18. *Successors.* All obligations of the Company under the Plan, with respect to Options and Restricted Stock Awards granted hereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business or assets of the Company.

19. *Gender and Number.* Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

20. *Severability.* In the event any provision of the Plan shall be held illegal or invalid for any reason, the illegality or invalidity shall not affect the remaining parts of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

21. *Governing Law.* The Plan and all award agreements shall be construed in accordance with and governed by the laws of the State of California (with the exception of its conflict of laws provisions).

22. *Captions.* Captions are provided herein for convenience only, and shall not serve as a basis for interpretation or construction of the Plan.
